Operating Instructions

Power On / Off

- To turn it on automatically, take out the earphones out of the charging box and it should be ready for pairing.
- To turn it on manually, long press the touch area for 3 seconds. The earphone indicator light should be on.
- To turn the headphones off automatically, put back the L/R earphone inside the charging box and it will start charging instead.
- To turn it off manually, long press the touch area for 5 seconds.

Note: The earphones will automatically shut off after 3 minutes if no device is connected.

Pairing Instruction

- Take out the earphones, press and hold the touch area for 3 seconds.
- Make sure your device is turned on and within 1 meter from the earphones. Activate the Bluetooth on your device and search for "PA-CLIP1". Tap Connect/Pair.
- Wait for the beep/prompt to confirm the successful connection.

Play Music

- Pause / Play – Double tap the L/R multifunction touch area
- Previous song – Triple tap the Left multifunction touch area
- Next song – Triple tap the Right multifunction touch area
- Volume up – Tap the Right multifunction touch area once while music is playing
- Volume down – Tap the Left multifunction touch area once while music is playing

Operating Instructions

Take Calls

- Answer / End call – Double tap the L/R multifunction touch area.
- Decline – Hold the L/R multifunction touch area for 2 seconds.
