Operating Instructions

Power On / Off

- To turn the headphones on, press and hold the multifunction button (2) for 3 seconds. The LED status indicator (3) will flash red and blue alternately when turned on successfully.
- To turn the headphones off, press and hold the multifunction button (2) for 3 seconds. The LED status indicator (3) will turn off once the power is off.

Pairing Instructions

- Make sure your device is turned on and within 1 meter from the headset.
- When turned on successfully, the headphones should be ready for pairing. Activate the Bluetooth on your device and search for "PA-CORTEX1". Tap Connect/Pair.
- If the connection is successful, the LED status indicator should flash blue every 5 seconds.

Play Music

- Pause / Play – Press the multifunction button
- Next song – Long press (+) for 2 seconds
- Previous Song – Long press (-) for 2 seconds
- Volume up – Short press (+)
- Volume down – Short press (-)

Operating Instructions

Charging Your Headset

- Once connected, the battery level of the headset is also indicated on your device.
- Use the included Type-C charging cable to charge your headset.

LED Status Indicator

- Alternate red and blue – Pairing state
- Blue (slow flashing) – Successfully connected with the device
- Red (always on) – Charging
- Blue (always on) – Fully charged

Take Calls

- Answer / End call – Short press of multifunction button
- Decline – Long press of multifunction button (1 sec)
- Switch between mobile device and headset audio source – Long press of multifunction button (2 secs)
