

KICK SLED

..... CREAM ALE

As our award winning go-to beer, this light bodied sessionable cream ale takes on a pale straw color with a white creamy head. It's perfectly balanced by a mild hop bitterness and solid Canadian malt backbone. Hopped with only one variety known for it's spicy and herbal characteristics, this light crisp beer is perfect for those dry winter nights and hot summer days. Kicksled only takes a total of 17 days from grain to glass.

AWARD WINNING BEER
