

# RAGGED PINE

..... PALE ALE .....

Our Northwest-style pale ale is well balanced by late hop additions of Simcoe and Chinook producing a rich pine aroma and malt flavor that compliment its moderate hop bitterness. This beer is copper in color and has as much charm and hardiness as our northern trees that withstand the harsh winter climate. Ragged Pine was one of the First beers NWT Brewing launched on New Years Eve 2015, our first year of operation!
