

Pirez Folding Bike: Charging the battery

You can charge the battery in place or you can remove the battery if you choose.

To remove the battery for charging:

1. Unscrew the battery plug holder (Red)
2. Pull the plug down to detach the cable.
3. Open the seat post clamp (Green)
4. Pull the seat post upwards to remove from the post (battery) from the bike frame. Take care so you don't damage the battery cable.
5. To reinstall after charging, simply do the reverse.
