With the versatility of ottomans, Flexxform has created a few popular ottoman sets. Flower shapes, different versions of large circles, serpentine shapes, and more allow environments to have a fun, creative piece to entice a younger audience.

Design

Each ottoman is available as a single piece, but Flexxform has combined a few to provide creative pieces with commercial-grade quality. A combination of curved pieces creates circles, Lee and Rio combine to create a flower shape, and Mae and Rio combine to create a snake shape. Use Flexxform's ottoman sets to spruce up environments and feed creativity.

Performance

All foam components are environmentally friendly and California TB117 compliant

India Tape is utilized in the seams to ensure the Ottomans are kept bedbug-proof (with the use of coated upholstery)

The Ottoman's frame is constructed of $\frac{3}{4}$ " Canadian plywood
