

# PREDOSE™

FROM BITTER TO... BETTER!

PreDose™ is a completely new approach to stopping bitter, salty, metallic, astringent, and offensive tasting oral prescriptions before they are administered. This new approach maximizes the power of our Bitter-Bloc™ technology to effectively block flavor defects before they have a chance to reach your taste buds. Bitter-Bloc™ is a proprietary organic, water-soluble protein that has a documented 3<sup>rd</sup> party validation study demonstrating it effectively modulates 16+ of the 25 bitter taste receptors on the tongue. We've improved on this and are now able to provide this technology in a great tasting "PreDose" liquid form for patients to take prior to administering their subsequent prescription dose.

PreDose™ is generally taken as a 5ml-10ml dose, enough to effectively coat your tongue prior to taking the prescription dose. The bitterness blocking effect can last up to 30 seconds- just enough time to finish taking the prescription.

PreDose is naturally sweetened with TruClear Stevia™, has a widely accepted unique citrus flavor, and formulated with ingredients derived from natural sources.

## PREDOSE™

- ✓ Pediatric & Geriatric Patients
- ✓ Pre-Suspensions
- ✓ Pre-Tablets/RDTs
- ✓ Pre-Gummies
- ✓ Pre-Drops
- ✓ Pre-Granules
- ✓ Pre-Powders
- ✓ Pre-Any Oral Dose

## Highlights:

- BROAD SPECTRUM **BITTERNESS BLOCKING**
- REDUCES THE NEED TO EFFECTIVELY FLAVOR MASK PRESCRIPTION DOSE
- NATURALLY SWEETENED
- WIDELY ACCEPTED FLAVOR PROFILE
- NATURAL INGREDIENTS
- PRESERVATIVE / PARABEN AND DYE FREE
- GLUTEN-FREE / VEGAN
- FREE FROM COMMONLY KNOWN ALLERGENS SUCH AS SOY, DAIRY, TREE NUTS, SUGAR, PEANUTS, OR WHEAT

## Technical Data Sheet

<b>CATEGORY</b>	Bitterness blocking taste and flavor enhancer. <i>PreDose™</i> should be taken prior to administering prescription dose. See instructions for recommended use.
<b>SUGGESTED USE INSTRUCTIONS</b>	<b>Actively coat tongue with PreDose and allow approximately 5 seconds for the bitter blocking proteins to bind to receptors prior to administering prescription dose for optimal results</b>
<b>INGREDIENTS</b>	Glycerin (Vegetable origin), Bitter-Bloc™ (Natural Flavor Enhancer), Stevia (TruClear Stevia Plus™), and Natural Flavors. (Free from Sugar, artificial sweeteners, flavors, and preservatives).
<b>ALLERGY</b>	Per the 2004 Food Allergen Labeling and Consumer Protection Act, no allergen declarations are required for this product as relating to corn, milk, egg, tree nuts, fish, crustacean shellfish, wheat, peanuts, gluten, and soybeans.
<b>TECHNICAL DATA</b>	Description: Transparent light-tan viscous liquid with a relatively sweet citrus flavor. Shelf Life: 2 years from date of manufacture when stored in its original, unopened container in a cool dry place. Water soluble. Hygroscopic. Anhydrous: Water Activity ≤ 0.60 Aw
<b>SAFETY DATA</b>	All ingredients classified as “Generally Recognized As Safe” (GRAS) and inactive excipient ingredients by the US FDA.
<b>HANDLING AND STORAGE</b>	Comment: Shake well prior to use. Storage Conditions: Product can be stored at ambient conditions for temperature 18-26°C, pressure and humidity. Product should be kept in a tightly sealed container, under cool and dry conditions.
<b>COMMENTS</b>	Contact an SRx Representative for suggested use guidance. MSDS is available upon request. 1-888-512-1209 or email: sales@specializedrx.com
