

TritTab™ Velvet

Smooth Taste/Sugar-Free/Fast Dissolving Tablet Triturate Base *With Bitter-Bloc™ Technology*

TritTab Velvet was formulated as a convenient and versatile sugar-free tablet triturate base utilizing specifically sourced ingredients and particle sizes for compounding a wide range of APIs appropriate for this dosage form. Specifically engineered for molded tablet triturates requiring an alcohol/water solution as the wetting agent that will quickly disintegrate when placed in the mouth or buccal cavity. TritTab Velvet exhibits optimal flow characteristics, minimal contraction upon drying and excellent friability properties in tablet form. This base includes our natural Bitter-Bloc™ Technology for optimal palatability.

What is Bitter-Bloc™ Technology?

Bitter-Bloc™ is the next generation technology protein to block flavor defects *Naturally*.

Other products on the market simply *mask* flavor defects, Bitter-Bloc™ *blocks* flavor defects from reaching taste receptors on the tongue to prevent the bitter molecules from binding with the receptor sites. In effect, it gives the product a cleaner taste. Bitter-Bloc™ is an organic, water-soluble protein that a validated 3rd party study shows it effectively modulates 18 of the 25 bitter taste receptors on the tongue, therefore maximizing the reduction in bitterness perception. Bitter-Bloc™ works to eliminate bitter, salty, metallic, astringent, and general off-notes in a variety of oral formulations.

TritTab™ Velvet Tablet Triturate Base

HIGHLIGHTS:

- FAST DISINTEGRATION
- USE ALCOHOL/WATER SOLUTION AS WETTING AGENT
- SUCROSE/SUGAR-FREE
- SORBITOL/XYLITOL-FREE
- SWEET TASTE
- FORTIFIED WITH BITTER-BLOC™ TECHNOLOGY
- NON-GMO CERTIFIED INGREDIENTS
- GLUTEN-FREE
- KOSHER CERTIFIED INGREDIENTS
- PRESERVATIVE AND DYE FREE
- FREE FROM SOY, TREE NUTS, PEANUTS, CORN, OR WHEAT
- EXCELLENT FLOW PROPERTIES
- EXHIBITS EXTENDED SHELF STABILITY & RESISTS CLUMPING
- CLASSIFIED GRAS STATUS INGREDIENTS

Available Sizes:	
TritTab Velvet	
SKU	Size
B0216-50	500g
B0216-62	2 Kg
B0216-65	5 Kg

TritTab™ Velvet

Smooth/Fast Dissolving Tablet Triturate Base

With Bitter-Bloc™ Technology

Technical Data Sheet

CATEGORY	A free-flowing tablet triturate powder base formulated specifically for quick disintegration in the presence of moisture and maintain excellent friability properties in the tablet form.
INGREDIENTS	Proprietary pharmaceutical grade tablet triturate powder blend that includes a specifically processed / naturally sourced powdered sugar alcohol, lactose, and is fortified with our natural Bitter-Bloc™ flavor enhancer.
ALLERGY	Per the 2004 Food Allergen Labeling and Consumer Protection Act, no allergen declarations are required for this product as relating to milk, egg, tree nut, fish, crustacean shellfish, wheat, peanuts, corn, and soybeans. Gluten-free, non-GMO/vegan compliant.
KOSHER STATUS	All ingredients are certified Kosher by the Orthodox Union (OU).
TECHNICAL DATA	Description: White free-flowing powder Shelf Life: 2 years from date of manufacture when stored in its original, unopened container. Bulk Density, at 60°C approx. 0.64 g/cm ³ (measured) Recommend 60/40 or 70/30 alcohol/water solution Use water soluble powder flavors only as needed
SAFETY DATA	All ingredients classified as “Generally Recognized As Safe” (GRAS) and inactive excipient ingredients by the US FDA. For information on the toxicology and safety of this product, please consult the material safety data sheet (MSDS).
HANDLING AND STORAGE	Comment: Due to some fine particles, this product is liable to become compacted or conglomerated. Storage Conditions: Product can be stored at ambient conditions for temperature, pressure, and humidity. Product should be kept in a tightly sealed container, under cool and dry conditions.
COMMENTS	This information reflects US requirements for ingredients and allergy declarations. SpecializedRx makes no warranties or claims to the accuracy or completeness of the above information given the variations in use and formulations.
