

## **X-TABB™ RDT and TROCHE SYSTEM**

### **Increase Efficiency. Increase Control.**

Versatile and innovative system enabling high efficiency prescription compounding for both troches and rapid dissolve tablets (RDTs). The X-Tabb System was developed by SpecializedRx to increase efficiency, control, containment, and compliance (USP <800>) for compounding both oral dose troches and RDTs. This system can easily be used under a containment hood while compounding RDTs without the need for use of a convection oven. The X-Tabb System is constructed of durable and lightweight aluminum hard coated with the latest US FDA and EU compliant non-stick technology. Patent pending.

### **RDT Compounding**

- Highly efficient compact system
- Promotes USP <800> compliance
  - Enables compounding RDTs completely under containment hood
  - No convection oven heating required
- Digitally controlled thermostat
- Even heat distribution to all cavities
- 196 x 1.148ml cavity plates (currently available) 0.25" H x 0.50" W/L
- General RDT heating cycle is 80°C for 30 minutes or 110°C for 15 minutes
- Consistent calibrated cavities comply with average weight test
- Easy dose removal
- Proven calibration performance with Excell SF RDT Base (0.75g)
- Powder Dam available as an accessory

## Troche Compounding

- Digital temperature-controlled work surface
- Versatile plate configuration
- 196 x 1.148ml cavity plate with overflow (currently available) 0.25" H x 0.50" W/L (6.35x12.7mm)
- Consistent calibrated cavities comply with average weight test
- Quarter score cavities
- Even and efficient heating and cooling distribution
- Controlled temperature enables consistent troche characteristics
  - Eliminates the need for troche polishing
- Minimal waste typical of silicone type molds
- Easy dose removal
- Proven calibration performance with Techna 10 SF (1.41g), Techna 20 SF (1.38g), and Techna Natural SF (1.15g) Troche Bases

## Complete Systems Include

- Flexible Scraper Spatula #E0569-00
- Rigid Plastic Scraper/Pry Tool #E0574-00
- Instruction Manual
- 1 year limited warranty on digital controller

## Digital Thermostatic Controlled Heater

- Fast and even heating – heats up to 60C in 30 seconds
- Programmable with manual included
- 120V (750W)
- Celsius or Fahrenheit display options
- Option to control temperature accuracy between 1.0 and 0.1 degrees
- Programmable heat timing function
- Max operating temperature up to 260°C (500°F)
- 2-prong US type plug / Cord length: 1 meter

## Ordering Configuration Options:

### **X-TABB RDT System E0606-00**

System Includes: 1ml Tamper Plate E0610-00, 1ml Cavity Plate W/Out Overflow E0608-00, 1ml Quarter Score Plate E0609-00, Heat Plate with Heating Pad and Controls E0612-00, System Hardware E0614-00.

### **X-TABB Troche System E0605-00**

System Includes: 1ml Cavity Plate W/Overflow E0607-00, 1ml Quarter Score Plate E0609-00, Heat Plate with Heating Pad and Controls E0612-00, System Hardware E0614-00.

**Additional System Components:**

- E0607-00: 1ml Cavity Plate W/Overflow (Troches)
- E0608-00: 1ml Cavity Plate W/Out Overflow (RDTs)
- E0609-00: 1ml Quarter Score Plate
- E0615-00: 1ml Ejector Plate (Optional)
- E0616-00: Powder Dam

**System Accessories Available:**

<b>Item#</b>	<b>Product</b>
E0612-00	X-TABB Heat Plate w/ Heating Pad and Digital Controller
E0603-02	Troche / RDT Blister Pack and Sleeve (25pk)
E0575-00	Sieve 8-inch 20 mesh, Stainless Steel
E0576-00	Sieve Receiver Pan 8-inch, Stainless Steel
E0577-09	Hot Hand Protector, Silicone, 1 Pair
E0569-00	Flexible Scraper Spatula
E0574-00	Rigid Plastic Scraper/Pry Tool

**SpecializedRx X-TABB System Bases/Flavors Available:**

<b>Item#</b>	<b>Product</b>
B0070	Techna 20 SF Troche Base
B0065	Techna 10 SF Troche Base
B0105	Techna Natural SF Troche Base
B0230	Excell SF RDT (Rapid Dissolve Tablet) Base
F0145	Wild Cherry Natural Powder Flavor (RDT)
F0170	Orange Citrus™ Natural Powder Flavor (RDT)
F0155	Apple (Fuji Red) Natural Powder Flavor (RDT)
F0174	Wild Berry N&A Powder Flavor (RDT)
F0175	TripleMint™ Natural Powder Flavor (RDT)
F0173	Marshmallow Natural Powder Flavor (RDT)
F0169	Rotisserie Chicken Powder Flavor (RDT)
F0161	Caramel Natural Powder Flavor (RDT)
F0108	Bitter-Bloc™ Pure Powder (Natural Flavor Enhancer)
