AND GO

What gives Slip Tint its dewy, no-makeup makeup finish?

It's all in our clean, cult-favorite formula:

Hyaluronic Acid helps to attract water and retain moisture, leaving your skin radiant and hydrated.

Antioxidant-rich **Pansy Flower** works in tandem with Hyaluronic Acid to boost moisture. It also helps to fight off free radicals and environmental stressors—a must when you're out and about.

Licorice Root extract helps to brighten and refine the overall appearance of skin.

Together they create a skin-loving formula with a silky, addictive texture that blends and melts seamlessly into skin.
