Premium leatherette with high-end finishes.

SPA VITA

The Vita, a real spa with luxurious finishes, stands out with its stylish and elegant design.

Its 8 cm foam structure grants the Vita several advantages: fast assembly, greater rigidity compared to inflatable spas and better insulation thanks to its foam panels.

Optimal comfort is guaranteed with a foam mat directly integrated into the interior liner ensuring comfortable sitting, whilst the spa is top-edged with laminated PVC offering an elegant effect.

The spa uses the Netspa motor unit, which filters, heats and diffuses relaxing bubbles, and incorporates easy touch-control.
