## SEASCOOTER™ - UNDERWATER PROPULSION

For the best performance, users should keep a horizontal body position.

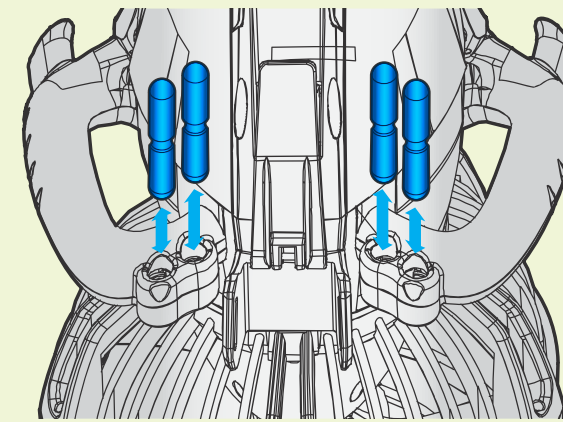

Good

Best

### BELLY MOUNTED ACCESSORY STATION

Four accessory insertion slots on the belly of the Li Models can host a special range of accessories to enhance the performance and experience of your Nautica Seascooter.

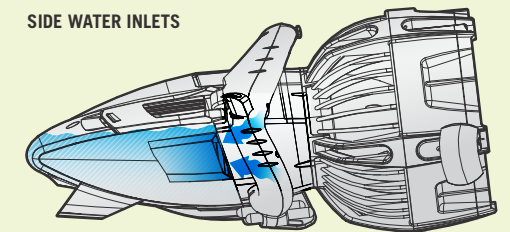

### EASY ADJUSTMENT WEIGHT DISTRIBUTION

Fine-tune your buoyancy by placing ballast weights in any of the four insertion slots (Included with Seascooter™ NAVTECH 1 / NAVTECH 2 and optional with Seascooter™ NAVTECH 3)

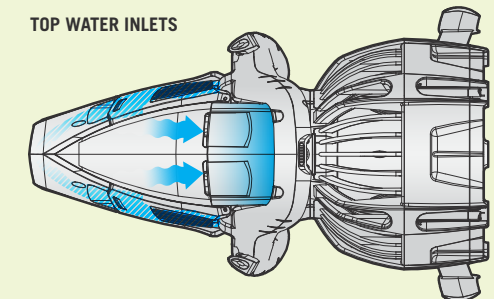

### INTEGRATED BALLAST SPACE MULTI-HULL DESIGN

Multi-hull design allows the NAVTECH1 to fill up with water and automatically assume neutral buoyancy.
