

A New Natural Strategy for a Healthy You

Increasing thermogenesis

Enhancing metabolism

Improving metabolic syndrome

Acting as a fat burner to shrink fat cells

Enhancing muscle recovery and strength

Recommended Dosage

Take 1 capsule of OPTI-Cap a day after breakfast, then another 1 capsule before turning in for the night

ORAC of Superfoods - USDA⁴ (μmol TE/100g)

- ORAC (Oxygen Radical Absorbance Capacity) developed by the US Department of Agriculture (USDA), provides an overall measurement of the food's total antioxidant capacity.
- The higher the ORAC score, the greater is the food's total antioxidant capacity.

OPTIXANTHIN™
Feel the difference

OPTI-Cap

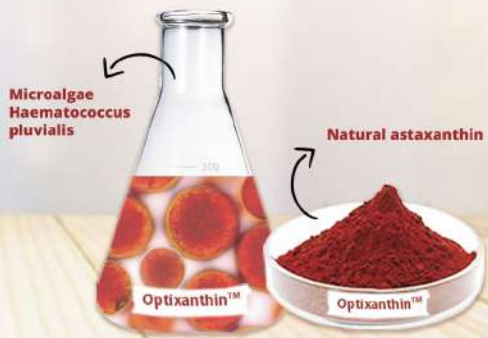

formulated with clinically proven active ingredients:

**BioPerine® Piperine
& Astareal® Astaxanthin**

BioPerine® Piperine synergizes with Astareal® Astaxanthin

to improve metabolic syndrome & support healthy lifestyle, naturally and scientifically

AstaReal® Astaxanthin

Astareal® Astaxanthin is extracted from microalgae, *Haematococcus Pluvialis*

Natural astaxanthin is naturally red in colour, clinically proven to have **antioxidant** and broad **anti-inflammatory** actions.

BioPerine® Piperine

BioPerine® is a patented black pepper extract from black pepper fruits (*Piper Nigrum*)

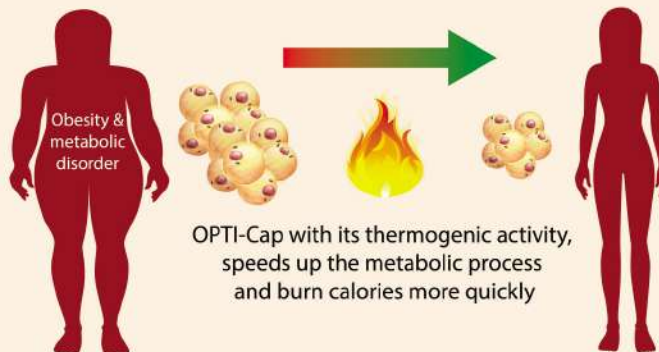

Black pepper contains bioactive compound piperine, which gives the spicy 'hot' taste. BioPerine® contains a minimum of **95% piperine** and is the only source of black pepper extract to have undergone clinical studies in the United States.

OPTI-CAP supports optimal lifestyle through:

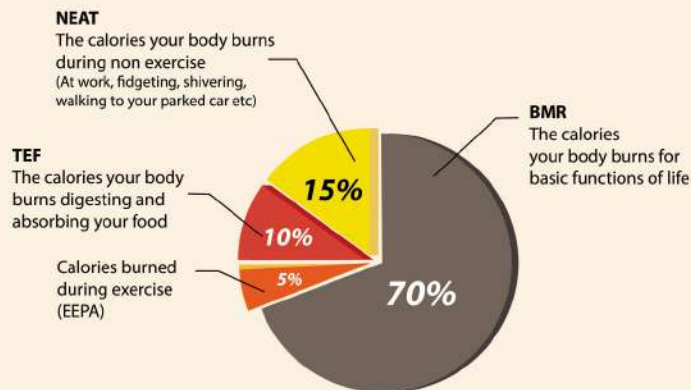

01 Increasing thermogenesis

OPTI-Cap **raises the internal temperature** of the body

- **Increases sweating**
- **Eliminates toxins** within the body

02 Enhancing metabolism & BMR

- OPTI-Cap **increases metabolic rate** of resting skeletal muscle
- Burns more calories even when you're inactive ¹

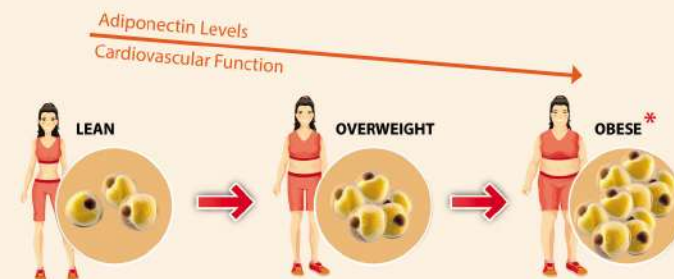

03 Improving muscle strength & recovery

OPTI-Cap produces **a cleaner source of energy (ATP)** to fuel your exercise regime

OPTI-Cap reduces **muscle fatigue and soreness** by reducing lactic acid production ²

04 Slashing and hindering the formation of new fat cells

* Overweight or obese people tend to have insufficient adiponectin levels in their body.

OPTI-Cap increases **adiponectin** secretion (fat-derived hormone) ³

- Enhances glucose metabolism
- Improves lipid profile

Shrinks inflamed fat cells & interfere with the genes that form new fat cells, thus preventing rebound effect
