

# Palecek Finishes

Select from the available finish options below, offering a versatile selection of 14 colours across a selection of handcrafted wood, wicker and rattan frames.

Palecek custom-finish their frames out of their California headquarters using nontoxic water-based paints and stains. This process can include as many as ten different steps to achieve their distinctive rich colour and depth of tone. Included in the process is the application of the highest-quality UV protectants, which help ensure longevity of your custom finish.
