

# Skyline Fabrics & Finishes

Select from the available options below, interchange colours within the standard material type to design bespoke pieces which fit perfectly into your outdoor projects.

Intricately designed to reflect the natural environment and withstand the harsh Australian climate, Skyline Design is renowned for its extreme durability. Manufactured with quality materials such as solution dyed synthetic fibres and fabrics, powder coated aluminium and marine grade upholstery. These materials are unrivalled for their high tensile strength, durability, colour fastness and minimal surface fading.
