Take part in the global influence of Château de Versailles by contributing to the heritage conservation of this architectural masterpiece!

... WHERE EVERY DETAIL TELLS THE HISTORY

The monogram of the kings by the name of Louis, featuring an interlaced double L and topped with a crown, is the symbol of royalty.

The packaging is inspired by motifs in the castle

In the shape of a pewter seal on the glass or a signature printed on the box, it signs the candles with majestic codes.

The bubbled glass is hand-made by master glass-makers. Each piece is unique.
