The best way to present eyewear

The right case for every situation

1. PLACE

2. OPEN

3. PULL UP

3. SHOW

The Pull Up Samplecase is a revolution. When it comes to presenting or transporting products of all kinds, you will not find a better helper than the Pull Up Samplecase. With a few simple steps, the folding shelf can be pulled out and the trays are immediately ready to hand. The trays are made of very light and stable foam.

Avantgarde

The presentation cases of the Avantgarde series are the first choice for use in the field. The cases are very light and have 2 large transport wheels including telescopic handle. The handling is therefore very comfortable.

- Very light and robust, therefore ideal for travelling
- Samplecases are suitable for check-in at the airport
- Available in 7 different sizes
- Also available as hand luggage size
- Different colors and personalization options
- 2x transport rollers with telescopic handle

Classic

The presentation cases of the Classic series are the first choice when it comes to stationary use, e.g. in a shop or at a trade fair. The cases are equipped with 2 steering rollers and 2 large transport wheels. The handling is therefore very comfortable.

- High quality workmanship in flight case design
- Ideal for stationary use
- 6 different sizes
- Available in 2 colours
- 2x large transport wheels with telescopic handle
- 2x 360° rollers for easy movement

Trays and Inlays

Our optical trays are available in 3 different heights:

3 cm for optical frames

(2,7 cm internal height)

4 cm for sunglasses and large optical frames (3,7 cm internal height)

5 cm for large sunglasses

(4,7 cm internal height)

Usually 3 different sizes of inlays are available:

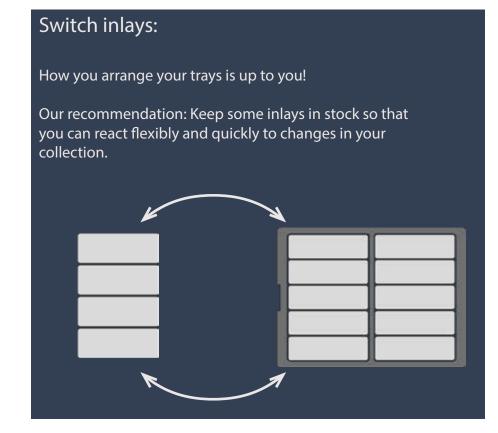

Inlay for 4 frame places

Inlay for 5 frame places

Inlay for 6 frame places
