Equipment for Educators™

Virco Early Learning Solutions

Joyful and positive early learning experiences begin with the right environment. Virco's comfortable and supportive products for preschool, kindergarten, and childcare are designed to fit diverse early childhood learning environments.

Colorful Comfort, Functional Storage

Finding the right fit is easy with our large selection of color-coordinated table and chair options. Our ergonomic chairs provide the comfort and support growing children need while our rockers offer the benefits of healthy movement.

Multi-shaped adjustable height activity tables provide early learning environments a space for both group interaction and one-on-one time. Special seating arrangements give teachers the ability to engage students in a collaborative setting, and playfully shaped tables take classroom design to the next level of creativity.

Virco's durable mobile cabinets, bookcases and storage units are designed to help keep classrooms organized. They are engineered with sturdy steel frames and reinforced steel shelves. Our storage solutions are built to withstand years of daily use.

With an assortment of easels, whiteboards and display stations, educational carpets, and dramatic play stations, Virco's early learning products make playtime fun and educational.

A Dynamic and Ergonomic Approach to Health and Safety

Virco furniture is engineered and built to ANSI/BIFMA standards and is GREENGUARD® and CPSIA certified. The educational play equipment encourages the growth and development of children with their health and safety in mind. Our Healthy Kids collection uses natural hardwood, Tip-Me-Not™ doors, and Pinch-Me-Not™ hinges, placing a priority on safety and durability.

Create the Right Environment

Virco offers the ability to create an early learning environment tailored to your needs with its wide variety of tables, chairs, and storage options. From traditional rectangles to creatively shaped tables, from colorful stack chairs to floor rockers, you can customize your space with Virco's early childhood learning solutions.

Collaborative Early Learning

Virco facilitates collaborative learning with comfort and function in its wide selection of activity tables and seating options. Models such as the Clover and Flower give children a designated space in a group learning environment. At the same time, specialty call-out seating in the Horseshoe, Kidney, and Cooperative designs provides teachers a place from which to lead group interactions. Virco's tables fit children and adults alike with table top heights that can be adjusted from 17" to 25" and legs that accommodate table heights from 22" to 30". A floor table kit that changes the table height from 14¼" to 22¼" is excellent for collaboration at a lower elevation. High-pressure laminate tops provide a durable surface that stands up to even the heaviest of use.

13" ZUMA® Series Chair

Early Childhood Seating

Find the right fit in Virco's large selection of classroom seating. Ergonomically designed for comfort and support, each model offers a balance of flexibility and stability to meet the seating needs of youngsters of all ages. With over 40 colors to choose from, you will find the color that is just right for you.

What Size Is The Right Size?

Children cover a wide range of sizes. Proper seat-height is essential for comfort and the overall learning environment.

Seat-Height Guide

Preschool Through First Grade

	10"	12"	13"	14"
Preschool				
Kindergarten				
First Grade				

The knee is the key

The proper seat height for kids is determined by the measurement from the floor to underside of the knee at a sitting position.

Soft Plastic Seating

Virco offers a large selection of models to fit a variety of styles and price points. All Virco models are built to last.

Sage™ Series

10" and 13" seat height

Substance And Style - The Sage Series offers a larger contoured shell, wider backrest and elegantly curved, extra heavy-duty legs.

ZUMA® Series

10" and 13" seat height

Beautiful Balance - ZUMA bridges the gap with seating that offers ergonomic support, playful style and durable construction – all at an affordable price.

Analogy® Series

12" and 14" seat height

Competence And Value - Analogy's striking upright design features ergonomic support and durability paired with exceptional value.

9000 Series

10", 12" and 14" seat height

Iconic Original - The instantly recognizable 9000 Series chair is constructed from highly durable, long-lasting injection-molded polyethylene.

Metaphor® Series

12" and 14" seat height

Bold New Legacy - Designed as a contemporary sequel to the iconic 9000 Series, Metaphor is the ultimate in stackable, storable seating, with an updated three-slotted backrest that offers exceptional ventilation.

N2 Series

12" and 14" seat height

Long-Lasting Comfort - N2 represents a new generation of classroom seating, featuring affordability, comfort and durability.

2000 Series

12" and 14" seat height

Enduring Value - 2000 Series offers classic styling plus long-lasting construction at an affordable price.

Hard Plastic Seating

Virco also offers an alternative to soft plastic with the 3000 and Telos Series made with a durable and environmentally friendly material.

3000 Series

12" and 14" seat height

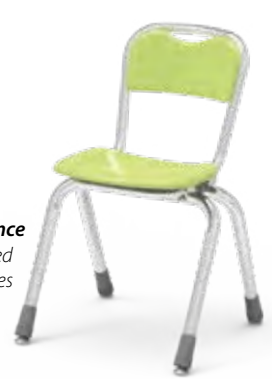

Fresh and Durable - The 3000 Series is constructed of colorfast, scratch-resistant and flame proof hard plastic.

Telos® Series

12" and 14" seat height

Long-Lasting Performance - Telos features a contoured seat and back that provides outstanding comfort.

Healthy Movement

Sitting Still Does Not Equal Paying Attention

Research has shown that gentle movement in the classroom setting is good for the body and stimulates the mind. Dynamic movement in a rocker can reduce fidgeting and encourage child engagement.

ZUMA® Series Floor Rocker

Rocking from A to Z

The body and mind are designed for dynamic movement. Virco's Analogy®, Sage™ and ZUMA® rockers help children channel excess energy into healthy movement – improving concentration and participation without disrupting the classroom environment.

ZUMA® Series
13" seat height

Analogy® Series
14" seat height

Sage™ Series
13" seat height

Optional Features
ZUMA and Sage are available with padded armrests for comfort. All models are available with bumper glides for added stability.

Rocking It on Ground Level

Today's active classroom is a place where students are often given room to move. The floor rocker provides back-and-forth movement which encourages healthy sitting and offers an ergonomic alternative to floor seating.

Color Coordinating Environments

Colorful environments stimulate young minds – that is why Virco offers a wide variety of seating color options. Our high-pressure laminate table tops hold up under the weight of heavy use and can be color-coordinated with matching banding.

Colorful Creations

Virco offers a selection of matching seat to banding colors and banding to laminate colors to help create a playful environment for young children.

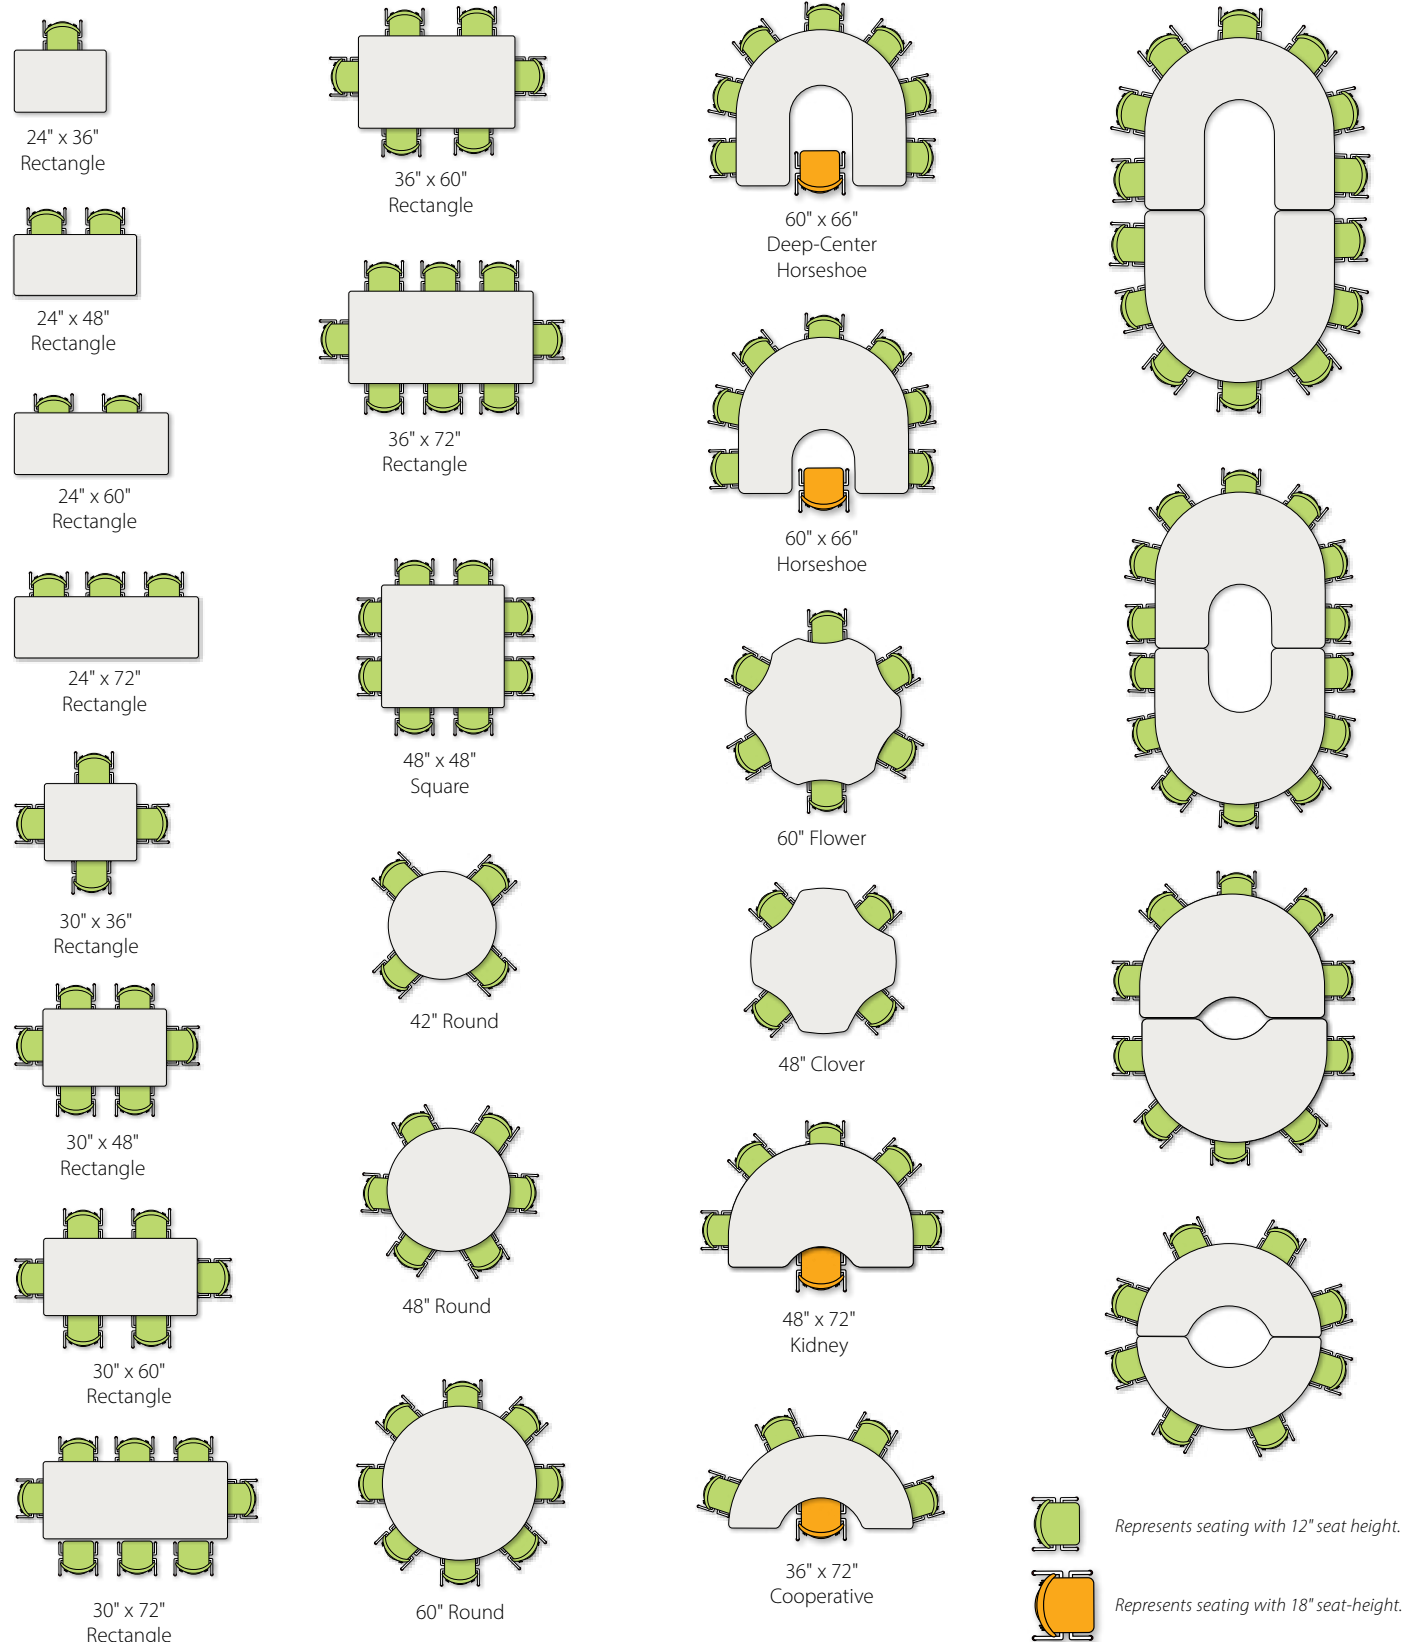

Sato Elementary School | Portland, OR

Traditional Table Shapes

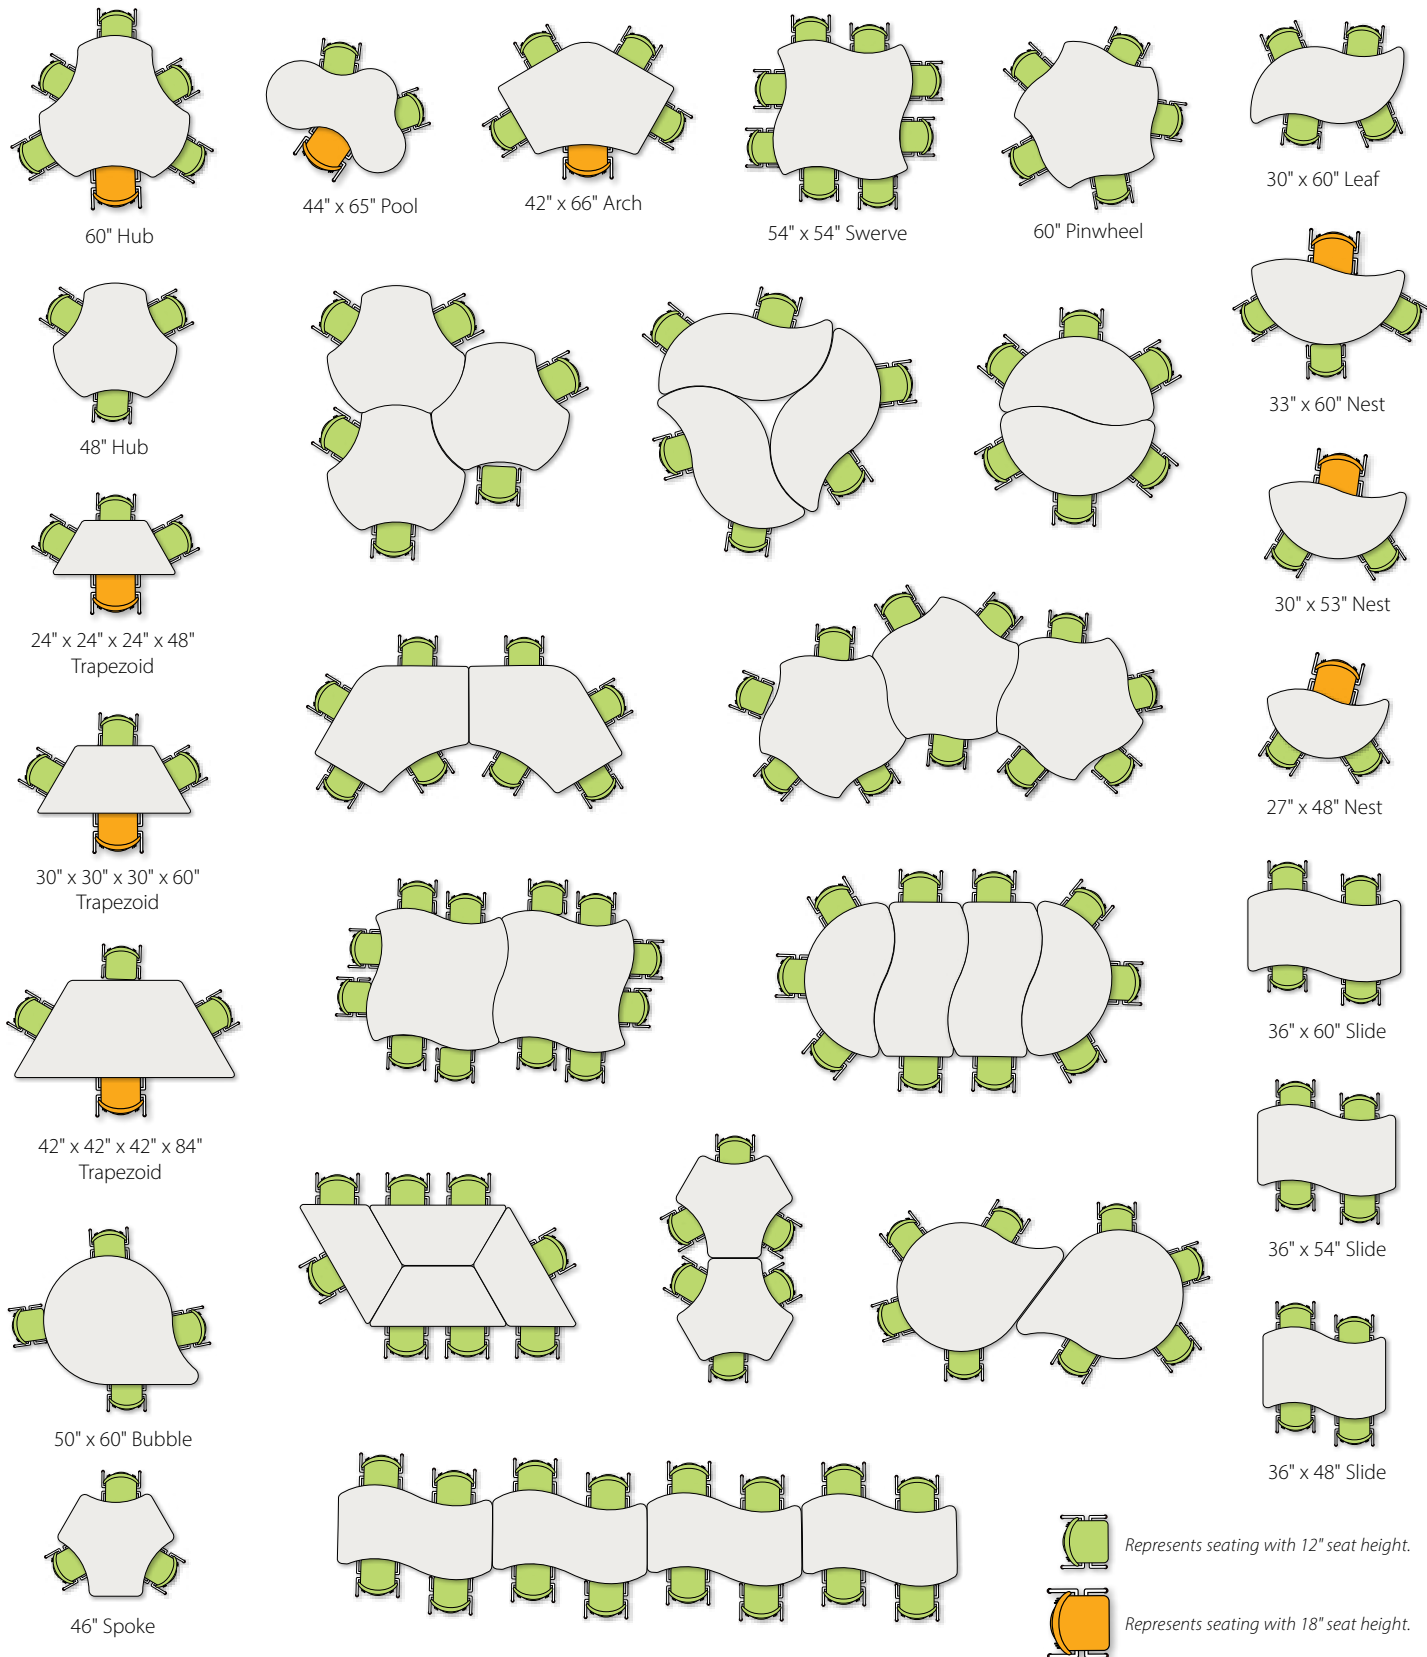

Virco traditional table shapes are available in a variety of sizes that feature both standard and call-out seating to meet your classroom's needs. Whether you prefer individual that encourage collaborative learning, or a mix of both, Virco's traditional shapes can help you create the right early learning environment for your students.

Journey of Faith Preschool | Manhattan Beach, CA

Playful Table Shapes

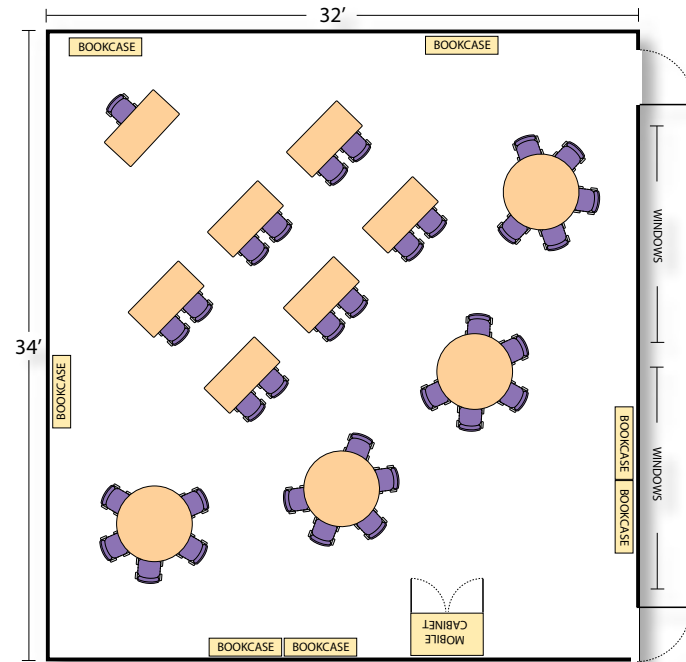

Virco's collection of playful table shapes allow you to mix and match to create a one-of-a-kind early learning environment. Engage students with new and interesting shapes by arranging tables into unique and collaborative designs.

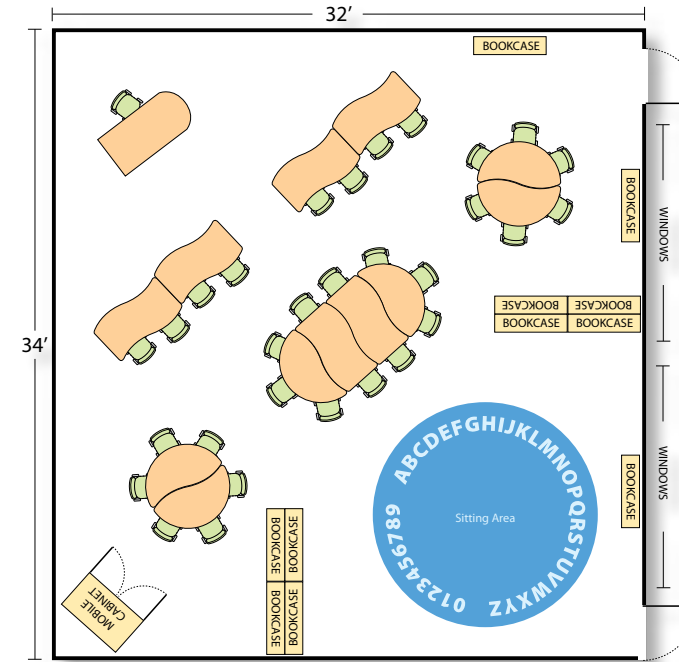

Classroom Layout Ideas

Virco's wide variety of table options allows you to customize your classroom and helps you create an early learning environment that fits your needs. Whether you prefer traditional tops, playful shapes, or a mix of each, Virco's tables can be arranged and rearranged to make your classroom your own. With so many table options to choose from, possible classroom layouts are endless; we designed some creative ideas on how to arrange an early learning classroom.

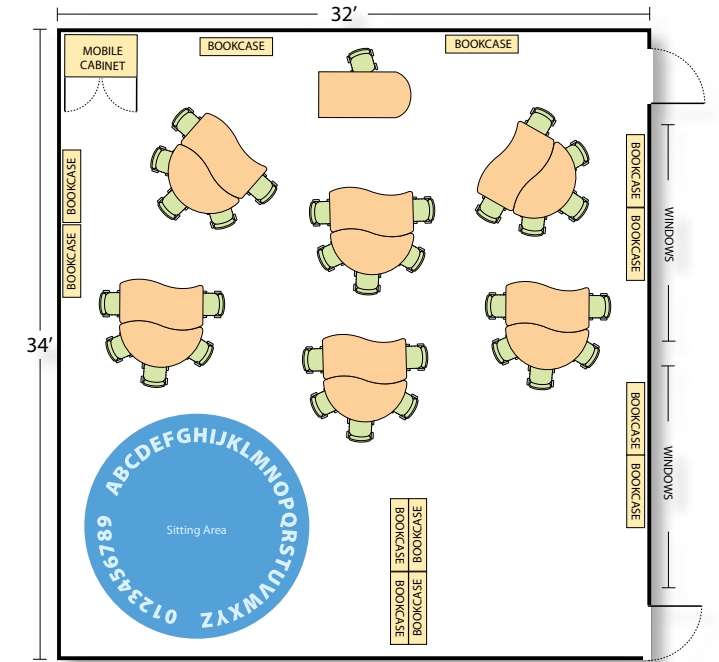

Our tables are designed to allow flexible classroom configurations that can be easily rearranged to suit the lesson or activity at hand. Activity Table Arrangements A, B, C, and D on page 21, illustrate how the same classroom furniture can be reconfigured to create diverse learning environments.

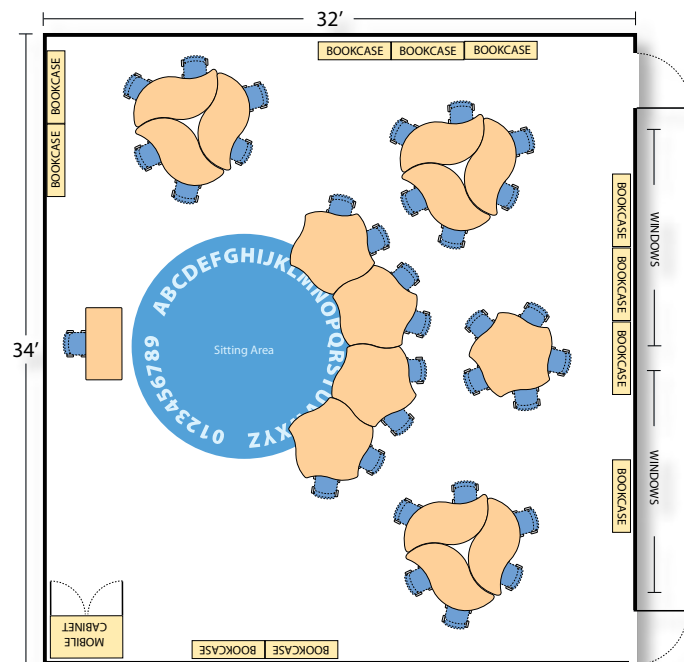

Classroom 1
 6 - 24" x 48" Rectangle tables 32 - Student Chairs
 4 - 48" Round tables 1 - Teacher's Desk & Chair

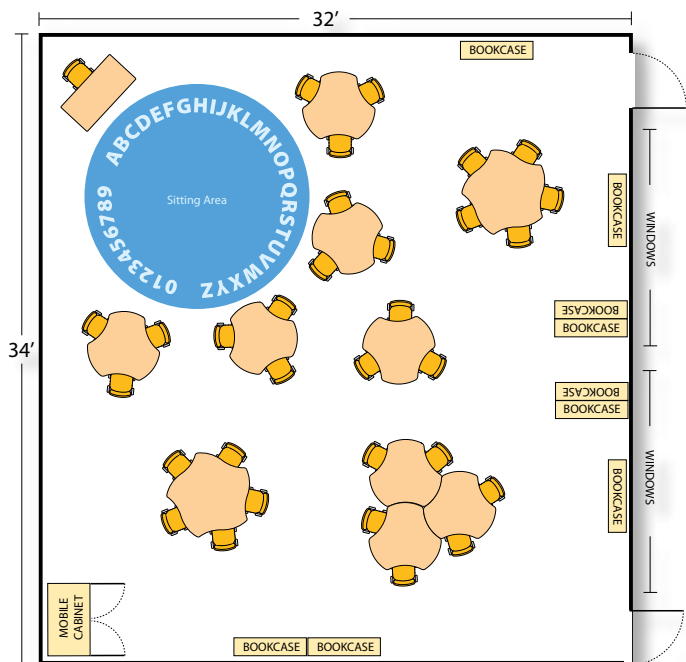

Classroom 4 - Arrangement A:
 6 - 36" x 60" Slide tables 30 - Student Chairs
 6 - 60" Nest tables 1 - Teacher's Desk & Chair

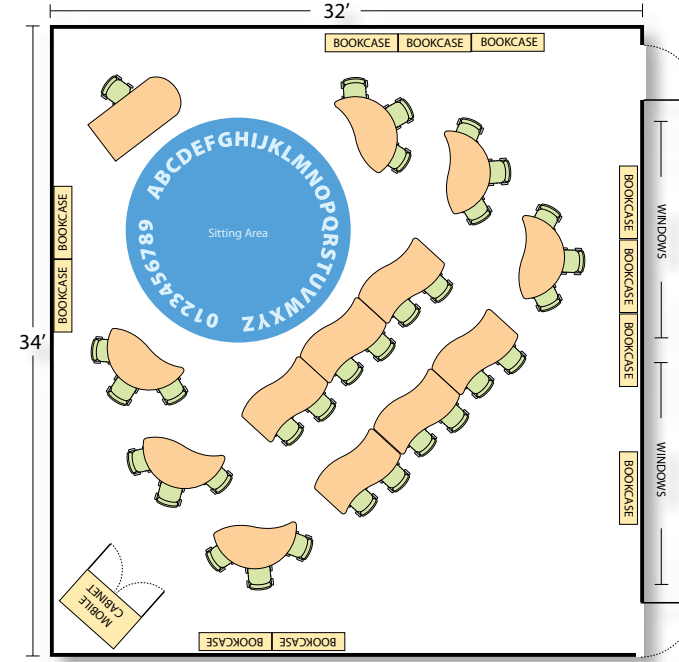

Classroom 4 - Arrangement B:
 6 - 36" x 60" Slide tables 30 - Student Chairs
 6 - 60" Nest tables 1 - Teacher's Desk & Chair

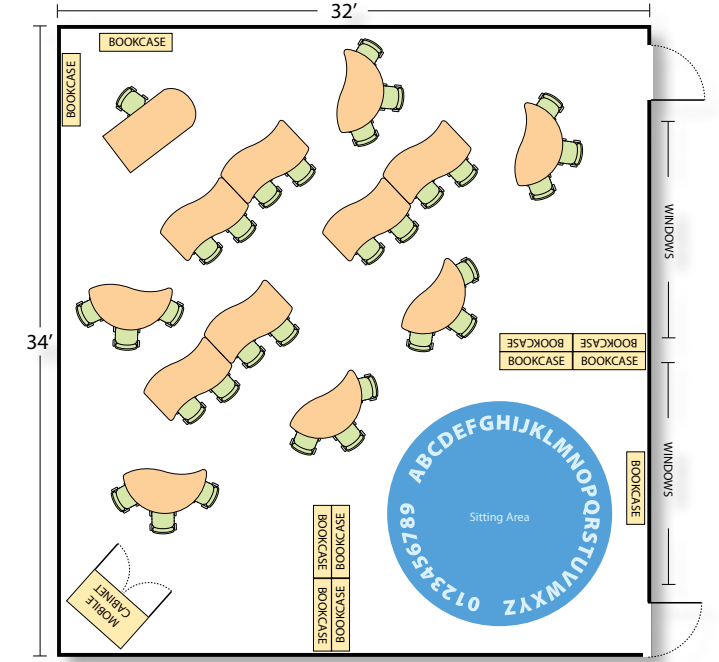

Classroom 2
 9 - 30" x 60" Leaf tables 31 - Student Chairs
 5 - 54" Pinwheel tables 1 - Teacher's Desk & Chair

Classroom 3
 8 - 48" Hub tables 31 - Student Chairs

Classroom 4 - Arrangement C:
 6 - 36" x 60" Slide tables 30 - Student Chairs
 6 - 60" Nest tables 1 - Teacher's Desk & Chair

Classroom 4 - Arrangement D:
 6 - 36" x 60" Slide tables 30 - Student Chairs
 6 - 60" Nest tables 1 - Teacher's Desk & Chair

Early Learning Storage Solutions

Virco makes classroom organization easy with its mobile cabinets, bookcases, and storage units. With a wide range of shelf configurations, Virco's mobile cabinets are perfect for storing toys, art supplies, and educational materials. Steel frames, all-steel shelves, and industrial locking casters make Virco's cabinets strong and durable, while fully extending drawers and 270° doors make accessing your classroom materials hassle-free.

Mobile Storage

Designed to hold 3", 6" and 12" deep plastic tote trays, Virco's Plateau® Series mobile storage products give you a variety of organizational options. These units can be customized with cork board or marker board backs and can be ordered with or without locking doors.

Mobile Cabinets

Virco's 36", 66" and 72" high mobile cabinets offer a variety of storage solutions for your classroom. Whether you need tote trays, a place to hang clothes, or full-width paper drawer storage for art projects and educational materials, Virco's adjustable storage solutions help keep your classroom neat and organized.

Bookcases

Engineered with sturdy steel frames and shelves, Virco's bookcases are designed to stand the test of time. Adjustable shelves make these models customizable to your storage needs and 48" wide options give you 33% more shelf space than standard bookcases.

Creative Storage Solutions

Virco has a wide selection of lockers, multi-purpose bookshelves, and mobile storage units for early learning environments with diverse storage needs. All of our lockers come with a Tip-Me-Not™ footprint and have two hooks per section to maximize hanging space. Models with extra-deep lower shelves give children a place to sit, and our two-sided locker model provides double the storage space with 10 locker sections.

Our multi-purpose bookshelves and mobile storage units are just that: multi-purposed. Good for storing books, toys, and games, our stationary and mobile storage solutions are fit to meet a variety of early learning classroom needs.

Book Display Stands

If you're looking for durable and spacious book display and storage solutions for your early learning environment, Virco provides a wide range of shelving configurations. Some of these models come with marker board backs to give a more streamlined profile, while others serve as both book displays and storage units.

Extra-Deep and Folding Storage

Sometimes standard-sized storage isn't enough. That is why Virco offers a variety of extra-deep storage and folding storage solutions. Our extra-deep storage units help keep classrooms organized with space for larger items and oversized books. Folding mobile units provide storage that can be opened when needed and closed to keep toys out of sight and out of mind.

Tote Tray Storage

Because every early learning environment has different teaching tools and toys, Virco provides multiple tote tray storage options to minimize clutter and maximize organization. Our clear tote trays allow students to quickly identify what belongs in each bin, while our colorful storage bins can be used to color-coordinate classroom clean-up. Whether your classroom needs basic mobile tote tray storage or options with extra shelves and vertical notebook storage, Virco has the right fit.

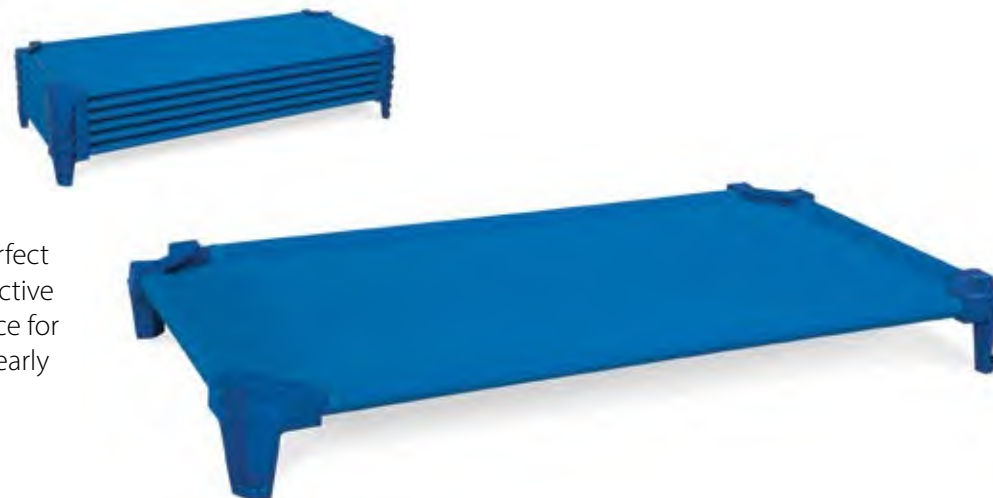

Natural Wood Tables and Chairs

If your early learning environment calls for traditional wood furniture, Virco provides several sturdy table and chair models to fit your needs. All tables are made of ¾" thick hardwood tops and 1 ¾" square hardwood legs, and seating options include 12" and 14" chairs, as well as 12" and 18" rocking chairs.

Quiet Time

Our early childhood cots are perfect for resting or napping after an active day, making them an ideal choice for daycare, kindergarten, or other early childhood settings.

Colorful Teaching & Learning Rugs

Virco's colorful rugs help make learning fun. Our selection of rugs for early childhood learning environments not only helps students learn their basic shapes and numbers but teaches them how to use a calendar and to identify all 50 states. All Virco rugs are made to stand up to heavy use with double-stitched edges and Carpet Guard stain protection.

Discover America geography rug; 8'4" x 11'8".

Calendar rug to help children learn the days of the week and months of the year; 8'4" x 13'4".

Blocks-of-Fun rug helps teach basic shapes and numbers; 8'4" x 11'8".

Playtime

Playtime is a vital component of early childhood learning, and Virco helps to encourage fun and creativity with our range of dynamic play stations. Our play stations include a dress-up center with a full-length mirror, and a 5-in-1 kitchen center, which allows students to stretch their imaginations through make-believe. We offer a hardwood block set with 24 different shapes that provide a hands-on experience for students to be creative. Additionally, our puppet theater is ideal for hours of active play.

Art

Virco's early learning art equipment is made to give aspiring artists a designated space to express themselves. Our selection of art stations include an art center that accommodates four students, a hinged three-way easel and a two-sided easel.

Easels and Whiteboards

Whether used to present teaching materials or to display student work, easels and whiteboards make great teaching tools for early childhood learning environments. That's why Virco provides a selection of mobile and free-standing easels and whiteboards.
