ERGOENGAGE 4-LEG CHAIR

Architect selected. Designer selected. Client adored.™ AmTab's ErgoEngage 4-Leg Chair is our leading student chair for the classroom and has been designed with ergonomic student comfort, movement, and flexibility at the forefront. The Ergo-Engage 4-Leg Chair will help scientifically activate the mind and the body in various ergonomic seating positions throughout the student learning journey where space, technology, and pedagogy continuously intersect. Increasing student engagement with their learning environment and their curriculum is at the heart of this chair designed to help nurture a deep love of learning. This ergonomic chair comes in 8 sizes, 8 metal finishes, 20 glide colors, and 20 seat colors with a state-of-the-art double-walled seat shell. The textured seat shell also features an air cushion effect and heat dissipation vents. The frame is a stronger gauge steel than industry standards and is proactively embedded into the seat shell for maximum durability and versatility. Non-marking rocking glides are designed to accommodate all types of floor surfaces in a color that matches the seat shell. Handles in the seating structure allow for individuals and teams to easily move chairs around, stack, and place on tables. This is a true seat to learn in.

BIOPHILIC DESIGN

AmTab specializes in Biophilic Learning Environments with our Biophilic Furniture and Biophilic Signage Graphics Decor. AmTab's ErgoEngage 4-Leg Chair features an Ocean Wave imprint and Honeycomb grid pattern bringing nature and natural elements into the learning environment. Pair this Biophilic Chair with our Biophilic Desks and Biophilic Tables to create various Biophilic Seating expressions in your learning environment.

PHYSIOLOGICAL WELL-BEING AND HEALTHY INTERIORS

Healthy, Happy, Active, and Secure.

FINISH

ErgoEngage 4-Leg Chairs shall be finished with a powder coated paint.

LEGS

Heavy-duty 1" diameter 12-gauge round steel tubing is embedded into the seat shell ensuring the two pieces remain linked securely. Frame is powder coated and available in 8 metal finishes. Leg design allows for greater stability for active learners.

SEAT

Ergonomic design constructed in heavy-duty copolymer polypropylene with heat dissipation vents. Cloud cushion air effect creates a comfortable conforming seat. Contoured seat design allows for varied seating positions – front, back, and sides as well as providing a secure backpack holder. Ocean Wave imprint creates a comfortable handle for easy transport. The ergonomic waterfall feature promotes a comfortable seating position.

GLIDES

ErgoEngage 4-Leg Chairs has four non-marking and load-bearing Rocking Glides that offer superior protection to floor surfaces while providing safety. Available in 20 colors to match or complement with seat colors

MAS GREEN CERTIFICATION
