

ARABESCATO OROBICO ROSSO

For centuries, the quarries of the Brembana Valley in Northern Italy have yielded strikingly elegant marble, none more prized than this slab full of swirling drama. Added to the taupe and grey of classic Arabescato Orobico are waves of tawny sunset rose, saddle tan, deep peach, strong charcoal, and autumn-leaf russet. Arabescato Orobico Rosso is stocked in 2cm, honed.

2cm Honed

NOTES
<p>¹ This material is highly sensitive to acids. When used as a kitchen countertop, acid etching will be highly visible. Do not use this material if acid etching is a concern. For kitchen countertops we recommend a honed finish. Expect material to patina over time and create a beautiful rustic/antique look.</p> <p>² Regarding Fiberglass Mesh Backed Stones for installation in wet areas, consult your fabricator for recommended installation method. Options include, but are not limited to complete removal of fiberglass mesh backing (where applicable) or installing with epoxy setting material. Any decision to install contrary to most current Marble Institute of America Dimension Stone Design Manual practices is solely at buyers discretion and risk.</p> <p>³ Please see MIA DSDM (Dimension Stone Design Manual) for all installation instructions.</p>
