

BIANCO NAVONA

Sourced in Roman quarries, vein-cut Bianco Navona travertine has been prized since antiquity. With a tonal range of creamy ivory that includes accents of vanilla, it features graceful swirling movement amid the characteristic linear structure of travertine. Offered in 2cm (nominal) slabs, honed and filled.

NOTES

¹ This material is sensitive to acids including those commonly found in kitchens. Acid etching occurs in many stones, but may be less visible on lighter colors and on surfaces with a honed finish. A professionally applied surface treatment like MORE™ AntiEtch™ can prevent acid etching

² Showers: Product MUST be installed in accordance with current TCNA Handbook Stone Methods.

³ Please see NSI DSDM Guidelines for all installation instructions. The NSI recommends installing resin-backed stone with epoxy-based setting materials. Consult your setting materials manufacturer for specific recommendations.
