

# BRONZE FANTASY

A background that swirls between deep grey and warm taupe is dusted with shadings of deep cocoa and a lively network of terra cotta veins. Lightning-bolt flashes of crystalline white, coral and intense russet add intrigue to this fascinating marble, sourced in Tunisia and offered in 3/4" (2cm) slabs. A leathered finish completes this slab, adding tactility and depth to its variegated surface.

## NOTES

<sup>1</sup> This material is highly sensitive to acids. When used as a kitchen countertop, acid etching will be highly visible. Do not use this material if acid etching is a concern. For kitchen countertops we recommend a honed finish. Expect material to patina over time and create a beautiful rustic/antique look.

<sup>2</sup> Product must be installed in accordance with current TCNA Handbook Stone Methods.

<sup>3</sup> Please see NSI DSDM (Dimension Stone Design Manual) for all installation instructions.

Tech Notes: The NSI Recommends Installing Resin-Backed Stone With Epoxy-Based Setting Materials. Consult Your Setting Materials Manufacturer For Specific Recommendations.
