

CALACATTA DOLOMITI

A beautifully soft-focus version of the great white veined marbles prized since antiquity, Calacatta Dolomiti is graced with silver-taupe, ochre-edged veins that drift and flow across the slab's surface. The background is a rich and mellow off-white. A perfect accompaniment to the many Bianco Dolomiti tiles and mosaics we offer, Calacatta Dolomiti is quarried in Turkey, and stocked in 2cm, polished.
