

CALACATTA GOLD SLAB

Call off the search! Artistic Tile's Calacatta Gold slabs are the quintessential classic Italian polished white marble. Our Calacatta Gold slabs are accented by soft grey and gold veining and are sourced for the highest quality. Stocked in a variety of thicknesses and price points, these slabs tend to move very quickly and are often difficult to source at the quality level we demand.

NOTES

¹ This material is sensitive to acids including those commonly found in kitchens. Acid etching occurs in many stones, but may be less visible on lighter colors and on surfaces with a honed finish. A professionally applied surface treatment like MORE™ AntiEtch™ can prevent acid etching.

² Showers: Product MUST be installed in accordance with current TCNA Handbook Stone Methods.

Tech Notes: The NSI recommends installing resin-backed stone with epoxy-based setting materials. Consult your setting materials manufacturer for specific recommendations. Slabs may have natural voids in face that have been filled with epoxy. Epoxy fill may not be visible in photographs.
