

GRIGIO VOLCANO

A slab of discreet color range but startling visual energy, this brecciated marble captures a moment in time of stunning power, with stones varying in size from pebble to boulder, all with distinct character: crystalline, linear and veined. An extraordinary scope of grey and silver, like variations on a theme, give this slab unique allure. Stocked in 2cm, polished.

NOTES

¹ This material is highly sensitive to acids. When used as a kitchen countertop, acid etching will be highly visible. Do not use this material if acid etching is a concern. For kitchen countertops we recommend a honed finish. Expect material to patina over time and create a beautiful rustic/antique look.

² Please see MIA DSDM (Dimension Stone Design Manual) for all installation instructions.

Tech Note: The M.I.A. Recommends Installing Resin-Backed Stone With Epoxy-Based Setting Materials. Consult Your Setting Materials Manufacturer For Specific Recommendations.
