

LIMONE MARMI DOLOMITE

Limone Marmi is a classic Greek marble with lacy lines of gold tracing across a milky white background. The fine veining creates a yellow-gold hue without overpowering the aesthetic, making Limone Marmi the perfect stone to tastefully add a dash of yellow into your design. The background remains quite consistent in this stone, while the degree of veining may vary widely between individual pieces. Stocked in 12" x 24" field tile and offered in 3/4" (2cm nominal), polished slab.

NOTES

¹ This materials is moderately sensitive to acids. Do not use this material if acid etching is a concern.

² Showers: Product MUST be installed in accordance with current TCNA Handbook Stone Methods.

³ Please see NSI DSDM (Dimension Stone Design Manual) for all installation instructions.

Tech Note: The N.S.I. recommends installing resin-backed stone with epoxy-based setting materials. Consult your setting materials manufacturer for specific recommendations.
