

LA LEAF GLASS

Traditionally used in the decorative arts, gold leafing is symbolic of style and elegance. Historically, a protective layer of glass has been applied over the delicate leafed surfaces. With the La Leaf Collection, the protective glass layer is integrated with the leaf in a large-format field tile that is suitable for dry and wet area interior applications. Crafted by Italian artisans from an area known for centuries as a glass and crystal manufacturing center, the La Leaf glass field tile is offered in two styles; smooth leaf in which the leaves of gold are visible and have a subtle texture, and antique leaf in which the crinkles in the leaves have been tinted for an aged look.

LA LEAF GLASS

| APPLICATIONS | | | | | | | | |
|-----------------|---------------|----------------------|--------------|----------------|---------------|----------------------|-------------|--------------------|
| INTERIOR FLOOR | INTERIOR WALL | SHOWER WALL | SHOWER FLOOR | EXTERIOR FLOOR | EXTERIOR WALL | POOL/ FOUNTAIN | COUNTER TOP | FIREPLACE SURROUND |
| No ¹ | All | Yes, including steam | No | No | No | Yes, non-freeze thaw | No | No ² |
