

LUMINA

Grand Tour Collection

Inspired by the sunbeams depicted in Renaissance paintings, Lumina is a handmade object of art: silver metal wrapped around stone with hand-worked rays gently hammered into the surface. The rays emanate from the edge of each tile, producing an elegant symmetry when set in a field. Lumina is a part of the Grand Tour collection, celebrating the richness of classical European culture.

NOTES
Lumina is handmade by specialist artisans using traditional techniques. Slight marking and natural variation of metal surface is to be expected. Metal color tone ranges from silvery to golden and is part of the overall visual effect. Not suitable for cutting on a waterjet machine. Not suitable for use near heat such as fireplace or stove tops.
