

MALACHITE SLAB

A cool green marble from Canada highlighted by snowy veins flowing in all directions against a vibrant and verdant ground, evoking Nordic mountain ranges in winter. Stocked in 2cm, polished.

NOTES

¹ This material is highly sensitive to acids. When used as a kitchen countertop, acid etching will be highly visible. Do not use this material if acid etching is a concern. For kitchen countertops we recommend a honed finish. Expect material to patina over time and create a beautiful rustic/antique look.

² Please see MIA DSDM (Dimension Stone Design Manual) for all installation instructions.

Tech Note: The M.I.A. Recommends Installing Resin-Backed Stone With Epoxy-Based Setting Materials. Consult Your Setting Materials Manufacturer for specific recommendations.
