## **NERO PORTORO**

An utterly unique Italian marble, famed for its use in villas of the elite, with linear rivulets of interlaced rose-gold and redwood against a background of midnight black, and cross veined with lightning-like white branches. Nero Portoro is quarried on an island off La Spezia, and is offered in 2cm polished slab.

34" (2cm) Polished

## NOTES

- <sup>1</sup>This material is highly sensitive to acids. When used as a kitchen countertop, acid etching will be highly visible. Do not use this material if acid etching is a concern. For kitchen countertops we recommend a honed finish. Expect material to patina over time and create a beautiful rustic/antique look.
- <sup>2</sup> Regarding Fiberglass Mesh Backed Stones for installation in wet areas, consult your fabricator for recommended installation method. Options include, but are not limited to complete removal of fiberglass mesh backing (where applicable) or installing with epoxy setting material. Any decision to install contrary to most current Marble Institute of America Dimension Stone Design Manual practices is solely at buyers discretion and risk.
- <sup>3</sup> Please see MIA DSDM (Dimension Stone Design Manual) for all installation instructions.
- $Tech \ Notes: The \ M.I.A. \ Recommends \ installing \ resin-backed \ stone \ with \ epoxy-based \ setting \ materials. \ Consult \ your setting \ materials \ manufacturer \ for \ specific \ recommendations.$
