

NORWEGIAN ROSE

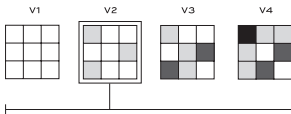

Norwegian Rose marble blends translucent rose-pink and glacial white with veining that recalls the hues of a sandy Scandinavian beach sheltered by fjords. The mottled pattern has a vital energy that moves evenly across the surface of the slab. Quarried in Norway, and stocked in polished ¾" slabs.

NOTES
¹ This material is sensitive to acids including those commonly found in kitchens. Acid etching occurs in many stones, but may be less visible on lighter colors and on surfaces with a honed finish. A professionally applied surface treatment like MORE™ AntiEtch™ can prevent acid etching. ² Showers: Product MUST be installed in accordance with current TCNA Handbook Stone Methods. ³ Please see NSI DSDM (Dimension Stone Design Manual) for all installation instructions. Tech Notes: The NSI recommends installing resin-backed stone with epoxy-based setting materials. Consult your setting materials manufacturer for specific recommendations.
