

# PERSIAN RED TRAVERTINE EXTRA

Red Travertine Vein Cut exudes a bold and rooted presence—lightly speckled with winding terracotta and ivory veins on a tonal red ground. The passionate dance between these fiery & earthy tones captures the essence of rich red soil, infusing spaces with a deeply captivating warmth that stands the test of time. This exquisite Iranian stone is offered in 3/4" (2cm) nominal slab, honed and filled.

**NOTES**

<sup>1</sup> This material is sensitive to acids including those commonly found in kitchens. Acid etching occurs in many stones, but may be less visible on lighter colors and on surfaces with a honed finish. A professionally applied surface treatment like MORE™ AntiEtch™ can prevent acid etching.  
<sup>2</sup> Showers: Product MUST be installed in accordance with current TCNA Handbook Stone Methods.  
<sup>3</sup> Please see NSI DSDM (Dimension Stone Design Manual) for all installation instructions.

Tech Note: The NSI recommends installing resin-backed stone with epoxy-based setting materials or combination of primer + cement mortar. Consult your setting materials manufacturer for specific recommendations. Minor vein washout is possible in wet installations.
