

# PINK ONYX SLAB

Pink Onyx is an exotic pink slab with incredible translucency, color, and depth amid striking black veining. Since antiquity, pink onyx has been revered as a healing stone that promotes healthy relationships and acts as a ward against various ailments and pain. Whether one subscribes to these ideas or not, there's no denying its beauty. Stocked in 2 cm polished slabs.

NOTES
<p><sup>1</sup> High Sensitivity Note: This material is highly sensitive to acids. When used as a kitchen countertop, acid etching will be highly visible. Do not use this material if acid etching is a concern. For kitchen countertops we recommend a honed finish. Expect material to patina over time and create a beautiful rustic/antique look.</p> <p><sup>2</sup> Showers: Product MUST be installed in accordance with current TCNA Handbook Stone Methods.</p> <p><sup>3</sup> Please see NSI DSDM (Dimension Stone Design Manual) for all installation instructions.</p> <p>Tech Note: The N.S.I. recommends installing resin-backed stone with epoxy-based setting materials. Consult your setting materials manufacturer for specific recommendations.</p>
