

# QUATRE SAISONS

Ravishingly beautiful and intensely colored, this French marble comes from a quarry once dedicated to supplying stone to Louis XIV for Versailles. Quatre Saisons' astonishing structure, with brecciated, veined and linear clasts swirling powerfully across the surface, is enhanced by the richness of the colors that comprise each distinct section. Rose, merlot, aubergine, pine, blush, peach; all are there to delight the eye. Known in the Baroque Era as one of "Les Marbres du Roi" - the King's Marbles, Quatre Saisons in our own age is a regal choice for the true connoisseur. Stocked in 2cm polished slabs.

## NOTES

<sup>1</sup> This material is highly sensitive to acids. When used as a kitchen countertop, acid etching will be highly visible. Do not use this material if acid etching is a concern. For kitchen countertops we recommend a honed finish. Expect material to patina over time and create a beautiful rustic/antique look.

<sup>2</sup> Please see MIA DSDM (Dimension Stone Design Manual) for all installation instructions.

Tech Note: The M.I.A. Recommends Installing Resin-Backed Stone With Epoxy-Based Setting Materials. Consult Your Setting Materials Manufacturer For Specific Recommendations.
