

SPIN

Spin evokes the fine tesserae mosaics of the ancient world in a subtle pattern presented in timelessly beautiful colorways. Semicircular fans are centered on a circular stone and outlined in contrasting colors, and wind across the surface, creating a rhythmic undulation. There are two colorways: Spin Statuary, with classical Statuary marble outlined in bold black marble, and Spin Calacatta Gold, in which the light cloud limestone border provides a delightful on-palette contrast to the Calacatta Gold. Stocked in 12" X 24" interlocking sheets.
