

TIFFANY QUARTZITE

Quarried in Brazil, this quartzite features a palette of soft blue-greens, with ivory veins and crystalline inclusions. The color seems to move gently across the surface, like ripples on a lake. Offered in 2cm, honed.

NOTES

¹ Minimally sensitive to acids. Contact with acidic foods should not cause etching.

² Outdoor Kitchens: Quartzite are treated with resin and may yellow with UV exposure; change will be less visible on dark or colorful stones.

³ Showers: Product MUST be installed in accordance with current TCNA Handbook Stone Methods.

⁴ Please see NSI DSDM (Dimension Stone Design Manual) for all installation instructions.

Tech Note: The N.S.I. recommends installing resin-backed stone with epoxy-based setting materials. Consult your setting materials manufacturer for specific recommendations.
