

TROMBONE TRIANGLES

A random, hand-assembled arrangement of colored art glass triangles creates a harmonious blend in Trombone Triangles, part of our Jazz Glass collection. Each of the two colorways, Pink and Blue, include a variety of colors set against white, creating an overall pink or blue effect. Closer inspection reveals the complexity of the pattern, with colors swirling throughout each of the multi-tonal pieces that compose the mosaic. Suitable for all wet areas & walls, and light traffic residential floors.
