

VELLUTO ONYX

Velluto Onyx is named for and evokes the finest of silk velvets, with a curving, riverine flow of veins that range from pale alabaster through ivory, platinum, and absinthe. These soft shades are dramatized by darker veins of midnight purple and flecks of saffron and honey. Velluto Onyx is from one of the most classic Persian quarries, and is stocked in 2cm polished.

NOTES
<p>¹ This material is highly sensitive to acids. When used as a kitchen countertop, acid etching will be highly visible. Do not use this material if acid etching is a concern. For kitchen countertops we recommend a honed finish. Expect material to patina over time and create a beautiful rustic/antique look.</p> <p>² Polish may dull in exterior applications.</p> <p>³ Please see MIA DSDM (Dimension Stone Design Manual) for all installation instructions.</p> <p>Tech Note: The M.I.A. Recommends Installing Resin-Backed Stone With Epoxy-Based Setting Materials. Consult Your Setting Materials Manufacturer For Specific Recommendations.</p>
