

# VERDE ALPI SLAB

A deep green brecciated serpentine with areas of black and white. Quarried in the Valle d'Aosta region of northwestern Italy, Verde Alpi is a classic serpentine - part of a unique stone group named for its resemblance to snake skin that has been sought since antiquity.

**NOTES**

<sup>1</sup> Minimally sensitive to acids. Contact with acidic foods should not cause etching

<sup>2</sup> Please see NSI DSDM (Dimension Stone Design Manual) for all installation instructions.

Tech Note: Serpentine must be installed with an epoxy-based setting material. Installation with cementitious mortars may cause warping/shaling/flaking.
