

BIANCO CARRARA SLAB

Bianco Carrara, Michelangelo's material of choice is the classic veined Italian white marble. A sculptor's starting block and builder's foundation, this marble conjures up centuries of history and use. Originating in Italy's Massa and Carrara Province, its cool-white coloring makes the mountains of Carrara appear to be snow-capped. Produced from one of the world's oldest working quarries, Bianco Carrara meets the needs of traditional to contemporary design. The versatile, ultimate classic.

2cm: Polished & Honed
3cm: Polished & Honed

ORIGIN

Quarried in Italy

VARIATION

SLAB

3/4 (2CM): POLISHED & HONED
1 1/4 (3CM): POLISHED & HONED

MATERIAL

MARBLE

NOTES

¹ This material is highly sensitive to acids. When used as a kitchen countertop, acid etching will be highly visible. Do not use this material if acid etching is a concern. For kitchen countertops we recommend a honed finish. Expect material to patina over time and create a beautiful rustic/antique look.

² Regarding Fiberglass Mesh Backed Stones for installation in wet areas, consult your fabricator for recommended installation method. Options include, but are not limited to complete removal of fiberglass mesh backing (where applicable) or installing with epoxy setting material. Any decision to install contrary to most current Marble Institute of America Dimension Stone Design Manual practices is solely at buyers discretion and risk.

³ If slab has fiberglass mesh backing, Mapei Kerapoxy 410 recommended.

⁴ Please see MIA DSDM (Dimension Stone Design Manual) for all installation instructions.
Note: Alternate finishes and thicker formats available on special order.
