

LINCOLN CALACATTA SLAB

Since 1873, this exceptional American stone has been quarried in Marble, Colorado. As one of the great white-veined marbles, it was a natural choice for many classically inspired structures, including much of the Lincoln Memorial, which gave its name to this marble: Calacatta Lincoln. Characterized by a clean white background with soft but distinct charcoal-grey veining, this is an all-American marble with great character and beauty. Stocked in 12" x 24" honed field tile and honed, polished, or dual-finish slabs.

2cm: Polished, Honed & Dual Finish
3cm: Polished & Honed

NOTES

¹ This material is sensitive to acids including those commonly found in kitchens. Acid etching occurs in many stones, but may be less visible on lighter colors and on surfaces with a honed finish. A professionally applied surface treatment like MORE™ AntiEtch™ can prevent acid etching.

² Showers: Product MUST be installed in accordance with current TCNA Handbook Stone Methods.

³ Please see NSI DSDM (Dimension Stone Design Manual) for all installation instructions.

Tech Notes: 45-degree miters are not recommended. Straight polished edge and apron is recommended. Slabs exceeding 50" x 120", in height or length, will be trimmed for LTL crated shipment. Consult the slab gallery sales team for details.
