

VITORRIA REGIA

Reminiscent of a river delta's shifting forms, this Brazilian quartzite features teal, olive and jungle greens, plus tawny gold and crystalline white streaks. The rounded clasts bring a soft edge to the bold color of the slab. Offered in 2cm, honed.

2cm Honed

NOTES

¹ Minimally sensitive to acids. Contact with acidic foods should not cause etching.

² Outdoor Kitchens: Quartzite are treated with resin and may yellow with UV exposure; change will be less visible on dark or colorful stones.

³ Product must be installed in accordance with current TCNA Handbook Stone Methods. The M.I.A. Recommends installing resin-backed stone with epoxy-based setting materials. Consult your setting materials manufacturer for specific recommendations.

⁴ MIA DSSM Note: Please see MIA DSDM (Dimension Stone Design Manual) for all installation instructions.
