

ARABESCATO VAGLI

Arabescato Vagli is a stunning brecciated Italian marble. Its cloudy white clasts are suspended in a pinkish background intersected by grey-green veins, for a sophisticated look unique to each slab.

Available in polished and honed finishes, 3/4" (2cm nominal) slab.

NOTES

¹ This material is sensitive to acids including those commonly found in kitchens. Acid etching occurs in many stones, but may be less visible on lighter colors and on surfaces with a honed finish. A professionally applied surface treatment like MORE™ AntiEtch™ can prevent acid etching

² Showers: Product MUST be installed in accordance with current TCNA Handbook Stone Methods.

³ Please see NSI DSDM Guidelines for all installation instructions. The NSI recommends installing resin-backed stone with epoxy-based setting materials or combination of primer + cement mortar.

Tech Note: Classic Italian marble features heavy veining with grey/green tones.
