

# BIANCO NUVOLOSO

With a background that flows from rain-cloud grey to warm taupe, transited by veins of midnight blue and crystalline pale almond. Sourced in Albania, this 3/4" (2cm nominal) slab is offered in both polished and honed finishes.

**NOTES**

<sup>1</sup> This material is sensitive to acids including those commonly found in kitchens. Acid etching occurs in many stones, but may be less visible on lighter colors and on surfaces with a honed finish. A professionally applied surface treatment like MORE™ AntiEtch™ can prevent acid etching.

<sup>2</sup> Showers: Product MUST be installed in accordance with current TCNA Handbook Stone Methods.

<sup>3</sup> Please see NSI DSDM (Dimension Stone Design Manual) for all installation instructions.

Tech Notes: The NSI recommends installing resin-backed stone with epoxy-based setting materials. Consult your setting materials manufacturer for specific recommendations.
