<p><b>5CM HEX MOSAIC</b> SHEET SIZE 11-7/8" X 10-1/4" X 3/8" 0.84 SF/PC</p>

**NOTES**

<sup>1</sup> Shower - Product must be installed in accordance with current TCNA Handbook Stone Methods.  
<sup>2</sup> Mortar - For Thassos and Pacific White use Ardex X77 White Microtec Fiber Reinforced Mortar. For Calacatta Bluette use Ardex N23 White Microtec Rapid Set.  
<sup>3</sup> Caulk - For China Black, Calacatta Gold, Rivershell White, and Statuary use Mapei Keracaulk Siliconized Acrylic Caulk.  
<sup>4</sup> Membrane - For China Black, Calacatta Gold, Rivershell White, and Statuary use Mapei Mapelastc AquaDefense.

Technote: Sheets are irregular and combine into a seamless interlocking pattern. Plan your layout accordingly. White mortar is recommended for natural stone. For Arabescato D'oro and Thassos install with white thinset only. If job requires mud work, white portland cement must be used. China Black will exhibit surface scratching when used on floors, and in wet areas may discolor slightly due to soap residue or mineral deposits. For Calacatta Bluette install with Ardex N23 White or Mapei Granirapid White System. Do not install with organic adhesive, or in areas with rising moisture. Consider the use of a waterproofing membrane when installing on a concrete slab.
