5 Piece Modular Desk

The 5 Piece Modular Desk is the ultimate in versatility. In addition to the five rearrangeable modules, Smart TVs and RGBW LED lit endcaps let you easily change graphics and light the desk in thousands of colors.

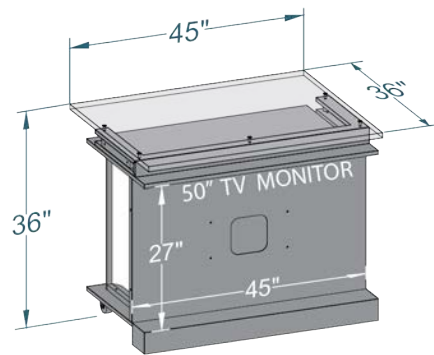

How It Works

Three Simple Pieces

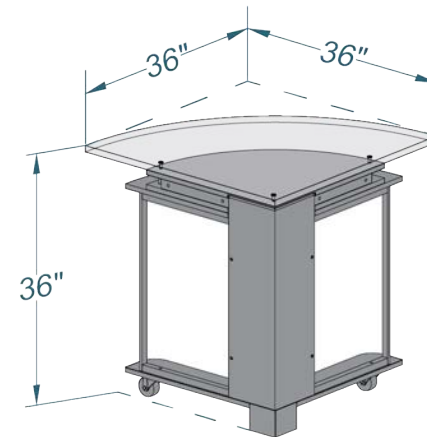

The 5 Piece Modular Desk is made of three easily configurable pieces: two RGBW LED lit endcaps, two main modules, and a 90° corner module with a rounded edge. All modules include locking casters and bolt together. This allows each module to stand alone, or easily move around to utilize the multiple configurations. Complete your studio with the 5 Piece Modular Desk, or add additional modules to make a desk of epic proportions.

Weight: 175 pounds
Footprint: 30" W x 36" D

Weight: 185 pounds
Footprint: 45" W x 36" D

Weight: 150 pounds
Footprint: 36" W x 36" D

One Design, Many Configurations

The 5 Piece Modular Desk is easy to reconfigure. Each module is on locking castors and bolts together so you can assemble the desk to fit your needs. Use it in different sized studios, with multiple presenters, or change it up to create a fresh look for your broadcast.

Maybe you want a bigger desk and more options? You can purchase extra pieces to unlock endless possibilities. With a few extra pieces you can create a U-shaped desk perfect for debates and moderated competitions. Add more center modules to create a desk for a large convention panel.

With your imagination the options are endless.

Removable Top Covers

Black Fabric Top

Removable 1/8" Black Fabric Overlay
