How Do Rentals Work?

Frequently Asked Questions

How much does it cost to rent?

A Large Curve Desk Rental is \$1,820 for 2-weeks. The 2-week rental period is exclusive of shipping and includes the 2-weeks from the date that the item(s) are delivered to the client, to the date they are picked up to be returned to TVSetDesigns.com.

Can I rent a Large Curve Desk with other features?

There are no other options or finishes available for rent other than those mentioned in this package which includes a custom face-mount graphic, face-mount monitor, black fabric top, and black plexi overlay. We do not rent Large Curve desks with other laminate finishes or other features such as inset monitors or edge lighting.

How much does shipping cost?

Shipping is custom quoted according to a number of factors including distance, timing, and destination logistics. Basic truck shipping in a large crate is \$2,280 round trip. However, if you need delivery on a specific date or lack a loading dock we work with you to find the best option.

Does the desk come fully assembled?

Yes. However, if you opted for a face-mount monitor you will have to attach the monitor to the pre-installed mount on the desk.

What if I only need the desk for a few days?

All rentals have a 2-week minimum. This is due to the time it takes to arrange shipping, crate items, or re-crate after returns. You are welcome to return your rental before the end of the 2-week period, but there is no discount or refund for shorter rentals.

Can I have the rental delivered on a specific day?

Yes. With enough advance notice, we can arrange delivery and pick up for specific dates. Our team can plan for this when making your custom shipping quote.

Why do I need a Certificate of Insurance?

A Certificate of Insurance protects everyone in the event that the desk gets damaged while you have it, or never gets sent back. Your insurance company will be familiar with the procedure for this.

Please be aware that Rentals require a 100% deposit before shipment. Rentals are on a first come, first serve basis, and we can't reserve rental items until the deposit has been paid.

To prevent any confusion about the condition of the item(s) upon arrival or when returned, both TVSetDesigns.com and the client will inspect and take photos before and after crating. These photos will serve as time stamps documenting any damage that was present at the time of shipping or when received at either end.

When the rental is received, please inspect the item(s) and check that everything is in working order at the time of delivery. We ask that you inform TVSetDesigns.com immediately of any damage that is found at the time of unpacking. If we are not alerted, it will be assumed that the damage happened while the item(s) were in your possession.

We know that things happen on a set, so please alert us to any mishaps. Some things may not warrant a repair fee, especially if you let us know of any damage before the item(s) are returned.

Repairs of damage incurred during a rental will be charged at \$112.00 per hour plus materials.

If a rental item is not returned by the date above and no other arrangements have been made to extend the rental, the full replacement cost of the item will be charged in addition to the rental fee and no return shipping charges will be refunded.
