## THE TRANSPORT WHEELCHAIR SERIES

### OUR TRANSPORT WHEELCHAIRS ICON 35 LX AND BX

The ICON 35 Lx which weighs only 9.0 kg is fitted with enhanced ergonomic seating, back upholstery and adjustable arm rests for increased levels of support and pressure relief if required.

The Icon 35 Bx weighs only 8.2 kg and is the lightest wheelchair in our ICON range. This wheelchair features an ergonomic seat and back angle to provide a superb seating position.

Both models, Lx and Bx, have seat widths of 16"/40cm (18" between armrests) and 18"/45cm (20" between armrests). For transportation and storage both models can be easily folded. Taking up little space with length, height and width dimensions of just 26"x29"x11".

With a maximum user weight of 125 kg both models offer a great lightweight wheelchair solution for most users. Standard features on the ICON 35 Bx and Lx include swing away leg rests with release lever, stepwise brake control with cable, armrest (height adjustable on the LX) and carrying handle for transporting when folded.

### TECHNICAL DATA

Weight from	Loadable up to	Seat widths Lx, Bx	Front seat height	Rear seat height	Folding dimensions Lx, Bx (BxHxL)	Total width	Total height	Total length	Seat depth	Armrest height
9.0 kg + footrest 1 kg (Lx)	125 kg	45 cm	44-49 cm	44 cm	27 x 74 x 65 cm without footrest	61 cm	91 cm	90 cm	40 cm	18-25 cm (Lx)
8,2 kg + footrest 1,3 kg (Bx)		50 cm			27 x 74 x 90 cm with footrest					20 cm (Bx)
