

# Scandinavian Butler

WORLD'S MOST RELIABLE INDOOR ROLLATOR

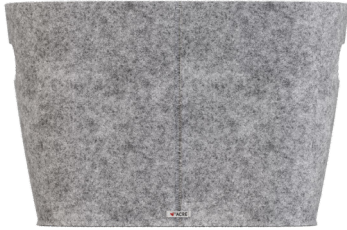

by **ACRE**

# Designed to assist you like a true butler in your home

- Blends in with your furniture
- Strong and robust steel frame
- One-hand only operation of handle and brake
- Soft handle in faux leather that provide a comfortable grip
- 360° maneuverability and stability
- Designed to get close to your furniture, counter tops, and appliances
- Maximum responsiveness and easy turning with 8 independently turning wheels
- Includes a large tray and basket to transport your things around the house

## Basket

The basket is made of felt and comes in a nice, grey color. It easily attaches to the small hooks on the rollator and will fit most of your daily necessities; everything from books, newspapers and iPad to blanket, knitwear, phone or snacks.

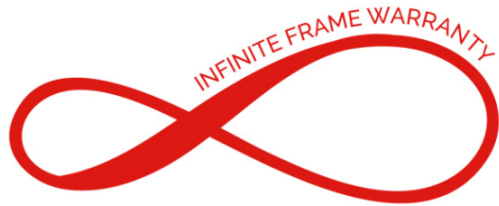

## Tray

The Scandinavian Butler comes with a large tray made from birchwood. The surface is a non-slip cork surface where you can safely place and transport your coffee, dinner or G&T.

## Infinite warranty

We offer infinite warranty on the rollator frame.  
This is a symbol of its superior quality and strength.

## About us

We are a Copenhagen based team that is transforming the global rollator market with rollators that represent more advanced engineering, mindful design, style and personalization.

The world has taken notice of our work.  
Since 2017, byACRE has earned four of the world's most prestigious awards in design and innovation, including the 2019 RedDot Design Award. "by ACRE" is our quality seal. It's rooted in the words 'Active' and 'Re-Habitare' – the Latin word for Back to Life, or back to normal.
