# HOME GROUND, HAND BLENDED SPICES - SOURCED, SELECTED AND BLENDED THE OLD FASHIONED WAY

Our spices are loved by our customers. They're also loved by the Great Taste judges, won Gift of the Year in 2019, and praised highly by the Independent, the Guardian, The Times and The Hairy Bikers. Sold in traditional tins and gift wrapped in authentic Indian silk sari fabric, these tins are a crowd favourite, ready for your shelf.

We're a mother and son team with one goal: to honour our Indian heritage and make our ancestors proud, with spices! We started this business as a retirement project from my mum's kitchen table, and that's still where our inspiration comes from to this day.

We're super proud of what we produce, and always thrilled by the positive feedback we receive, like this:

"They are honestly the freshest, most fragrant spices I've ever used."  
- Masterchef Winner, Dhruv Baker

# WHAT PEOPLE SAY ABOUT SPICE KITCHEN

“Spice Kitchen offers excellence in creating bespoke spice blends. From the quality of the spices to the care, attention to detail, advice and expertise in the development. Sanjay and his team go above and beyond at every stage of the process.

Working with a multi award winning brand has always given me extra confidence in the service and its clear their ongoing growth and success is testament to the quality of the products created. However, what is really refreshing is how they stay true to their roots by continuing to offer a personal touch no matter how small or big the project, the service is 5\* and, for me this makes them unrivalled in service and quality.

Our customers love the spices blends created and always come back for more as they are both unique and totally delicious! I cannot recommend Sanjay and his team highly enough for the w best in all things spice.”

**LORA MUNRO, FOUNDER THE BIRMINGHAM BALTI BOWL COMPANY.**

“The first thing that struck me about working with Spice Kitchen UK was their enthusiasm and energy, quickly followed by their knowledge and professionalism. They understood very quickly what I wanted, what my brand is, and were great at recipe development and advice, assisting me with things I didn't know and needed to, to make my vision work. Of course, their spice knowledge and quality are second to none, and the fact that they are a family business who truly cares about what they do is the icing on the cake. I have been very happy working with Sanjay and his team and will continue to do so whenever possible.”

**ELAINE BODDY, FOUNDER OF FOODBOD SOURDOUGH**
